BERLIN, Sept. 24.—The
23,606-ton Soviet battleship
Marat—one of the three
known Russian capital war-
ships—has been sunk in the
Gulf of Finland, an official
German announcement stated
today.

Already damaged in pre-
vious attacks, the Marat was
hit to the bottom by Luft-
waffe Stuka-bombers which
caught the battleship in the
gulf not far from Leningrad
and the nearby Kronstadt
naval base, scoring several
direct hits with bombs of the
heaviest caliber.

In addition, the 23,256-ton Russian
battleship October Revolution, twice
hit by bombs on Sunday, again was
hit in her stern by two heavy bombs
dropped by diving Stukas, and a big
Soviet destroyer was set on fire.

Out Of Service
If the repeated hits on the October
Revolution put it out of active ser-
vice, the attack left Russia with only
one battleship, the 23,106-ton Paris
Comune, still active.

It was believed the sinking of the
Marat involved heavy loss of life.

PITTSBURGH, Sept. 24.—Mayor
Cornelius D. Scully ordered Pitts-

suspended today when a noon dead-

workers returning to work.

As the mayor's ultimatum was
being carried out, Works Director

four striking drivers in the Bureau
of Water had reported for duty.
It was not immediately deter-

sent out on trucks, however. One

Meantime, 395 garbage drivers

WASHINGTON, Sept. 24.—A ma-

American aid to Russia—a fight

today when a group of non-inter-

Leaders in reply said they did not

Workers Clash Near
President's Home

(International News Service)
MEXICO CITY, Sept. 24.—Autho-
rities today counted a toll of five killed
and four wounded in a clash between
soldiers and munitions workers near
the home of President Manuel Avila
Camacho at Lomas De Chapultepec.

Scores of shots were fired by the
soldiers who were guarding the presi-
dent's estate when the rioting be-
gan.

Fears were expressed the list of
dead and injured would increase
when a complete count is made. Red
Cross workers said some of the dead
and injured had been carried off to
their homes instead of to hospitals
and morgues.

The munitions workers had gath-
ered in front of the president's home
to protest against their militariza-
tion. A guard ordered them to dis-
perse, but the workers began throw-
ing stones, according to military
authorities.

Versions of what followed are con-
flicting, but most accounts agreed
that the 40th Battalion came to the
scene on the run with fixed bayonets
and opened fire. The workers broke
and fled, leaving their dead and
wounded behind.

A heavy guard was thrown around
the president's home.

LONDON, Sept. 24.—British air-

sank the French cargo steamer
Moncelet a short distance off the
North African coast, according to
French government charges lodged
in Vichy, a message from the Vichy
news agency to Reuters asserted
today.

The attack was said to have taken
place on Saturday in the Gulf

British planes, the Vichy mes-
sage asserted, flew low over the
freighter hitting her three times

and sank.

All the members of the crew were
rescued and taken to Sfax, the
Vichy message said, adding:
"The Moncelet was unarmed. She

ERIE, Pa., Sept. 24.—A scant few
hours following their indictment, a
trio of gunman whose swift capture
set the pace for prosecution of their
case, went on trial in federal court
today for the \$5,000 armed robbery
of the First National bank at Eldred.
True bills were returned by the
grand jury late yesterday against
Edward John Kern, Pittsburgh;
Francis Xavier Spinley and John
Simmons, both of Buffalo.

With noted dispatch, their case
was called for trial today. The Erie
federal court session is expected to
close by Friday.

A fourth suspect in the Eldred
holdup and robbery was killed at
Buffalo when he attempted to resist
arrest by FBI agents. Kern was
nabbed in a Pittsburgh rooming
house, and Spinley and Simmons
were captured separately shortly
thereafter.

The trial judge was expected to
rule on a petition filed by Kern in

rocked the city today as a
fire of undetermined origin
ragged in the Standard Oil
company's giant refinery at
Whiting.

The first explosion let go in the
company's No. 1 treating plant, and
flames causing additional explo-

of the 700-acre refinery, one of the
largest in the world. One man was
reported killed, and several were
injured.

Thousands of Chicago commuters
were delayed in reaching the city
as Pennsylvania and New York Cen-
tral trains, whose tracks run close
to the refinery, were re-routed
around the blaze.

Firemen still were fighting the
blaze more than two hours after

said that even at that distance the
heat was intense.

He said that he expected Mr.

his regular conference with legisla-

"Until then I don't want to com-

Rayburn told a press conference.
"But I do think Congress will per-

Seek To Arm U. S. Merchant Ships

Administration To Offer Plan

Expect Bitter Battle In Congress Over Proposal To Change Neutrality Act

ATTACK ON SHIPS CITED AS CAUSE

By KINGSBURY SMITH
International News Service Staff Correspondent

WASHINGTON, Sept. 24.—

With non-interventionists describing the move as another drastic step toward this nation's entry into the war, the administration today drafted plans for revision of the neutrality act to permit arming of American merchant ships as a result of Axis attacks on U. S. vessels.

Veteran observers in Washington recalled that arming of American ships in the last war was followed within less than a month by this country's formal entry into the conflict.

The administration proceeded with plans to revise the act and arm merchant vessels despite indications from Capitol Hill that the move is likely to precipitate one of the bitterest debates Congress has witnessed in recent years.

Sees Difficult Fight

Sen. Clark (D) Ida, non-interventionist, predicted that President Roosevelt "will have a very difficult fight on his hands." Administration leaders, however, expressed confidence that the move will be approved by a substantial margin in both houses of congress.

Rep. Bloom (D) N. Y., chairman of the House Foreign Affairs committee, long advocate of repeal of the law, said he will offer legislation to carry out the President's program as soon as he learns its details.

Mr. Roosevelt announced his decision to arm merchant ships after repeated attacks on American shipping, the latest of which was the torpedoing of the freighter Pink Star off Iceland Sept. 19, while part of a Canadian escorted convoy.

As the navy, with its orders to shoot on sight any Axis raiders, searched the Atlantic between Greenland and Iceland for German submarines, the American consul at Reykjavik, Iceland, notified the state department that 23 of the Pink Star's crew of 34, none of which were Americans, had arrived there in good condition. Eleven are still missing.

BUSY COURT TODAY

DALLAS, Tex. — Dallas Corporation Court "hit the jackpot" recently when almost 1000 cases were heard in one day, and more than 700 fines, ranging from \$1 to \$50, were assessed. Court attaches believed it established an all-time record. A police traffic safety campaign was believed to be one of the contributing factors, and the usual summer heat wave which brings an increase in drunkenness and crimes of violence, was another.

GIANT REFINERY IN INDIANA AFIRE AFTER EXPLOSIONS

(Continued From Page One)

as gasoline flowed into the sewers and caused a series of explosions underground. The sewer explosions sent manhole covers skyward, and all pedestrians and motorists were warned to keep a safe distance.

Giant pumps began emptying the storage tanks in the plant, but heat and combustible fumes kept the fire spreading.

Company officials expressed confidence that the blaze could be confined to company property, but termed the fire "a very bad one." Center of the fire was in a 200-yard area between tracks of the New York Central and Pennsylvania railroads. Train traffic had to be rerouted.

Explosions at 5:50 A. M.

The explosions, first of which occurred at 5:50 a. m., startled householders for miles around, and brought hundreds running toward the plant within a few moments. Authorities acted quickly, however, to keep everyone well outside the danger zone. Whiting police were aided in their efforts by reserves from nearby Indiana Harbor and East Chicago.

Specially trained company firemen fought the blaze, using steam under 300-pound pressure, and chemical compounds. Because ordinary fire-fighting equipment would not suffice, the company firemen asked no assistance from the Whiting city fire department.

At the start, flame and smoke so covered the district that residents of Chicago's far south side telephoned police to learn "if Whiting was burning."

Many interstate gasoline trucks at the loading plant were destroyed.

Probe Under Way

With columns of flame leaping 100 feet and more in the air, the federal bureau of investigation sent five agents to investigate the possibility of sabotage at the scene. Employees said considerable aviation fuel was destroyed in the roaring flames.

Firemen concentrated on attempts to prevent the fire from spreading to several so-called "agitator plants." These, they said, contain highly volatile fuel and should they explode "the whole town will go up."

Concern was also caused when fuel from exploded tanks ran into the city sewer system and several minor sewer explosions were reported.

Huge quantities of chemicals were used to combat the flames, against which water was ineffective.

Firemen and company officials were unable to estimate the damage or the amount of gasoline destroyed. The fire occurred in what is known as treating plant No. 1, where gasoline receives its final processing.

The plant had 16 storage tanks, 10 by 8 by 30 feet. Each containing 21,000 gallons of gasoline. How many tanks had been destroyed was not known immediately. Terrific heat from the flames kept spectators at a distance. Fire fighters wore asbestos suits.

A window on the south side of a house will give 45 times more sunlight in the course of a year than a window on the north side, experiments have proved.

Water Shortage Hits Mt. Holyoke School

(International News Service)

CAMBRIDGE, Mass., Sept. 24.—

One meditates today among the falling leaves on the Harvard campus whether it is that the men of Harvard are more chivalrous than the men of Yale or, perchance, whether the men of Yale and the ladies of Mount Holyoke have been grossly labelled by the Crimson hosts.

It traces back to the failure of precipitation that normally drips in Massachusetts like the gentle rain from Heaven. There has been no rain in South Hadley, site of Mount Holyoke, for 10 these many weeks. Artesian wells that supply this institution of feminine learning are nearly dry.

The result was a warning of Mount Holyoke's president, Roswell G. Ham, to his charges:

"We have enough water," he

said, "to provide sufficient pressure to keep the water system in operation. But—

"Baths and showers are taboo. Laundry must be kept at a minimum. Use water as if it were gold."

Then galloped up the gallant Harvards, the editors of the Harvard Crimson throwing out his life-line in a telegram to the girls of Mount Holyoke.

"The Crimson extends invitation to all Mt. Holyoke girls to share our showers. Harvard men find the best way of making friends is using common bath facilities."

Nice going, up to there, but then the Harvards unsheathed the knife. The telegram went on:

"Now when you feel like girls in the soap ads—when even unwashed Yale men won't come within 10 feet of you—Harvard wants to make friends."

Now hold 'em Yale!

HURRICANE HITS 200-MILE WIDE AREA OF TEXAS

(Continued From Page One)

bureau reports indicated the worst of the hurricane will have blown itself out by midday.

As the tropical disturbance moved in over the coast, hurricane warnings were ordered down from Arkansas Pass to Matagorda, but in an advisory the weather bureau at New Orleans warned that "dangerous gales" will continue for another several hours along the upper Texas and extreme western Louisiana coasts.

In the wake of the hurricane, the weather bureau stated, heavy rains and gales will extend inland over a considerable area from the storm center, spreading over at least 200 miles. Storm warnings remained posted east of Galveston to Morgan City, La.

Precautions Taken

Because of precautions taken well in advance of the storm, danger to residents of the area was kept to a minimum. Property damage, however, was feared to be extensive.

The Houston weather bureau recorded a 65-mile wind at midnight, but elsewhere estimates of the wind velocity were much higher.

At Hoskins Mounds, Texas, the wind reportedly reached a high of 100 miles an hour, and it was about the same at nearby Freeport; the wind reached a velocity of 95 miles at Angleton, Texas, while at Palacios it ranged between 80 and 90 miles.

Along the coast, there was heavy damage to ships and shoreline residences. In Galveston Bay piers were wrecked, bayside homes battered and scores of small craft swamped. More than 100 bayside residents were marooned temporarily by high tides.

High Tides Dropping

Down the coast at Corpus Christi, yesterday's high tides were falling off and in that sector the worst of the storm was believed over.

Much of Houston and the surrounding area was plunged into darkness by power failures, and telephone lines were blown down. Hundreds of persons abandoned private dwellings for hotels and other large buildings.

High tides at Seabrook, hardest hit bayshore community, damaged summer homes along the waterfront, and small boats were washed ashore or wrecked under battering waves.

The defense guard was mobilized for rescue and police work, and all available flying craft were requested to stand by for reconnaissance as soon as the storm fell off enough to permit such surveys.

the Germans were able to scan the Soviets' chief port with field glasses, closely observing every move on the water front.

Guns pounded every ship in the port, while every minute of the day and night a thundering cannonade pummeled all approaches to the city, with a ring of artillery fire that narrowed constantly.

Heavy clouds of smoke covered the city, while Stuka dive-bombers continued to blast at the military positions of the Reds which remained active.

BERLIN CLAIMS RED BATTLESHIP HAS BEEN SUNK

The vessel's complement was believed to number between 1,125 and 1,250 officers and men.

Editor's note: All three Russian battleships were built in 1911 but were thoroughly modernized in 1931 and ensuing years. They mount twelve 12-inch guns and numerous smaller weapons as well as four 18-inch torpedo tubes and cranes for torpedo boats.

Other Ships Building

(Three modern battleships have been reported under construction in Russian yards. The 35,000-ton Third International was laid down at Leningrad in 1939 and is not believed to have been completed. The other two ships under construction are rumored to displace 40,000 tons, but nothing definite is known about them.)

Other far-flung attacks, authorities declared, Stukas blasted the Crimean Isthmus, where Red Army positions were declared to have been shattered.

An official announcement said a Soviet air base in the Crimea was heavily damaged and that 10 Red force planes were destroyed on the ground. Other bomber formations were declared to have hammered the eastern Ukraine in the opening phase of a blitz against industrial Kharkov in the Donetz basin.

Kharkov was reported already partially cut off as German land columns advanced toward the city from captured Kiev.

These latest successes were reported in advices to Berlin after the high command announces the "annihilation" of 50 Russian divisions in the iron ring east of Kiev.

More Prisoners Taken

Following this high command announcement, the official German news agency DNB reported that several thousand more Russian prisoners had been captured east of Kiev and that 34 more tanks had fallen into German hands.

In this area, it was stated, German forces were continuously advancing toward Kharkov and Rostov-on-Don, the key to the rich Caucasian oil fields.

In yesterday's aerial fighting, officials declared, 73 Russian planes were shot down.

Clearing a path for Nazi legions advancing toward Kharkov, waves of Luftwaffe bombers were declared to have rocked the environs of that city with tons of explosives.

D.N.B. reported several railroad stations near Kharkov were destroyed and that "hundreds" of freight and tank cars were blown up.

Sinking of the Soviet battleship occurred in the Baltic's Gulf of Finland near the water approaches to Leningrad and the Kronstadt naval base, according to the news agency.

The unidentified Russian warship was said to have been sent to the bottom by direct hits from heavy caliber bombs dropped from low altitudes.

In addition, the 23,256-ton battleship October Revolution, which was hit twice Sunday, sustained two more hits on her stern from Stuka dive-bombers, D.N.B. said, and a large Soviet destroyer was set on fire.

Deaths of the Day

Mrs. Floyd Klamberg

Mrs. Thelma Lesh Klamberg, aged 25, a former resident of this city, died suddenly Tuesday afternoon at about 1:30 o'clock at her home, 273 Pennsylvania avenue, Buffalo, N. Y. Mrs. Klamberg, a bride of little more than three months, had been married to Floyd Klamberg on June 7 of this year.

She was born in Caney, Kan., on July 8, 1916, daughter of Derwood D. and Ethel Rose Lesh, and came here while a baby, residing in this city until her marriage. Mrs. Klamberg was a member of the Church of the Nazarene Sunday school.

Surviving, in addition to her husband, are her parents, Mr. and Mrs. Derwood D. Lesh, of 710 West Washington street, this city; the following brothers and sisters: Mrs. Harold Hollis, of Pittsburgh; Mrs. Kathryn McGaffie, of New Castle; Clarence Lesh, of New Castle, R. D. 5, Sergeant L. D. Lesh, of Scott Field, Ill.; Private H. D. Lesh, of Bolling Field, Washington, D. C.; Miss Zenia Lesh, at home, and Harold Lesh, at home.

The body has been removed to the Joseph B. Leyde mortuary, Highland at Winter, where funeral services will be conducted Friday afternoon at 2:30 o'clock, with Dr. G. S. Bennett, pastor of the First Christian church, officiating. Interment will be in Greenwood cemetery.

The family will receive friends at the mortuary Thursday evening from seven to nine o'clock.

A. W. Orr Services.

Services for A. Wayne Orr, Ellwood-New Castle road, who passed away in an Akron hospital after suffering a heart attack a week ago, were conducted Tuesday afternoon at 2 o'clock from the R. L. Boyd funeral home, North Jefferson street, with Rev. J. Calvin Rose, Second United Presbyterian church pastor officiating.

There was a large number of relatives and friends in attendance at the services. A number of floral tributes were received in memory of the deceased. Honorary pallbearers were Elton Dunlap, C. E. Yacoll, James McMillan, Judd Yoho, Earl Hoy, Howard Miller, John Moore, John Welsh, Frank Clinter, Dr. J. O. Woods, S. O. Lewis, W. W. Duff, J. Leon Fink, Charles Morrow, Frank Clausen, William Kunkle, Fred Kemp, Louis Goldenbogen and Frank Hudec.

Active pallbearers were Gregg Milligan, C. C. Butler, Claude McMillan, William Walker, Guy McCracken, James Morehead, Frank Kelley and George T. Taylor.

Interment was in Castle View Burial Park.

Miss Force Funeral

Funeral services for Miss Sara J. Force, 204 North Mercer street, were held from the R. L. Boyd funeral home, North Jefferson street, Tuesday afternoon at 3:30 o'clock. Rev. W. V. McLean, pastor of the First Methodist church, was in charge.

Pallbearers were Thomas A. Meyer, C. L. Glenn, J. W. Rowan, C. L. Rowan, C. M. Knoch and John Hoke.

Interment was in Oak Park cemetery.

FORESEE BATTLE ON RUSSIAN AID

(Continued From Page One)

means. The lend-lease chief, however, pleaded that no restrictions be written into the bill.

Fight On Floor Seen

The fight over Russian aid will take place when this bill reaches the floor, Hoppe Fish (R) N. Y., spokesman for the Russian interventionist bloc, announced that he would oppose any lend-lease funds for Russia "and will make my position very clear at that time."

That means that an amendment to exclude Russia from the funds will be offered and that members will then have a chance to debate it. Leaders frankly fear the effect on Russian morale in this critical period if the anti-Soviet viewpoint obtains much following.

Indications are, however, that there will be considerable defections from Republican ranks when the matter comes up—sometime during the week starting Oct. 6.

Rep. Taber (R) N. Y., ranking minority member of the appropriations group, declined absolutely to comment on the Russian issue, although he did announce he was going to demand careful scrutiny of the bill itself to see if any reductions could be effected.

Rep. Martin (R) Ia., a staunch non-interventionist, declared that "in my opinion at this delicate time it would be very unfortunate if the Russian issue were made a matter of debate in the house."

Card Of Thanks

We wish to thank our friends, neighbors, and relatives for kindness and sympathy extended us during our recent bereavement. Also, for floral tributes and cars donated.

MOSCOW DENIES MANY OF CLAIMS MADE BY BERLIN

(Continued From Page One)

fleet shot down 13 enemy planes and destroyed 10 others on the ground on Sept. 22.

Local Successes

"Numerous local successes were gained at heavy cost to the enemy on the central front," the bulletin said.

Earlier Soviet advices told of Russian counter-blooms that inflicted about 95,000 casualties on the Germans, including 50,000 in the sector south of Lake Ilmen some 150 miles south of Leningrad.

The siege of Leningrad itself was said to have been relieved by a Russian bayonet charge that threw the Germans into a seven-mile retreat.

EDITOR'S NOTE: The London Daily Mirror quoted the Moscow radio as reporting that heavy snow was falling over wide areas of the Russian front. This was not confirmed elsewhere, however, and neither Reuters News Agency nor the London Daily Express listening posts picked up the supposed Moscow broadcast.

The official Soviet spokesman, Vice Foreign Commissar S. A. Lozovsky, in a talk with correspondents, denied the German claim that the Nazis have surrounded four Russian armies east of Kiev.

He also dismissed reports abroad that Marshal Semyon Budenny, Russian commander on the southern front, has been replaced by Gen. Koniev or that 28 units of the Soviet Baltic fleet went to Sweden and have been interned.

Lozovsky also ridiculed the Ger-

man casualty figures and stated on the basis of captured documents that total German losses in the Russo-German war total approximately 2,300,000 men.

The spokesman said he believed Budenny would be able to extricate his forces from the area east of Kiev to defend Kharkov, Rostov and the Donetz Basin, adding:

Prelude To Oil Field Attack

"Should this important area fall into German hands Russian industrial capacity would be greatly affected and this undoubtedly would be a prelude to an attack on the Caucasian oil fields and the Persian link between Russian and the British Empire."

An official announcement said two German planes penetrated Moscow's defenses during the night, dropping several small high explosive bombs and a small number of incendiaries. Damage was termed "insignificant."

Other German bombers were said to have been dispersed by anti-aircraft fire and night fighters before reaching the capital.

The regular midnight communique said fighting continued throughout

the entire front and added that on Sunday 53 German planes were destroyed while the Russians lost only 16.

Twenty-eight of the German planes were shot down in air combats, it was stated, while 25 were destroyed on airfields.

Furious Counter-Attacks

Moscow, Sept. 24.—Furious Russian counter-attacks continued today on both the western reaches of the Dvina River in the northern sector and close to the mouth of the Dnieper in the far south, it was announced officially.

Military spokesmen said that bitter fighting was going on in the neighborhood of Kherson, nineteen miles from the mouth of the Dnieper.

Roosevelt says he tried to pack the Supreme Court to save us from an alien form of government. So that's how we got it.

Exports of lipsticks were valued at \$423,240 during the first half of this year, Department of Commerce statistics show.

Says PAUL DOUGLAS, well-known radio announcer

Somebody whistles a few bars of a catchy tune. Others pick it up. Soon the whole country's whistling it. It's a hit.

Somebody lights up a cigarette. Likes it. Passes the word along. Soon the whole country's smoking it. It's a hit. IT'S CHESTERFIELD.

The big thing that's pushing Chesterfield ahead is the approval of smokers like yourself. Chesterfields are definitely Milder, Cooler-Smoking and Better-Tasting. They're made of the world's best cigarette tobaccos. Blended just right to give you more smoking pleasure.

But even these facts wouldn't count. If smokers didn't just naturally like them. Once a smoker finds out from Chesterfield what real smoking pleasure is, nothing else will do. Yes, fellow smokers, IT'S YOUR APPROVAL THAT'S PUSHING CHESTERFIELD AHEAD.

Knitting and conversation were the diversions, and at a suitable time, a tempting repast was served, the hostess having as her aide, Mrs. Perry McCune. A special guest was Mrs. Grace Bryant of Orlando, Fla., who is visiting with New Castle friends.

The next meeting in two weeks, will be with Mrs. E. J. McKibben on Meyer avenue.

Visnick-Fredericks

A quiet but impressive wedding took place when Miss Helen Visnick, daughter of Mr. and Mrs. Nick Visnick of Carbon, Pa., and Albert T. Fredericks, Jr., son of Mr. and Mrs. Albert Fredericks, Sr., of Edinburg, were united in marriage Monday afternoon at 3 o'clock with the Rev. C. J. Burton, pastor of St. Andrew's church, officiating with the single ring ceremony. The service was performed in St. Andrew's church in the presence of close friends and relatives.

The bride was attired in a sailor blue street length dress with black accessories, and wore a shoulder corsage of red roses. Miss Mary Visnick, her sister's maid of honor, wore a golden yellow street length dress with brown accessories. Her shoulder corsage was of yellow tea roses. Best man was a cousin of the groom, Francis Expiotto. A reception took place in the home of the bride's parents.

For the present, the couple have dispensed with a wedding trip and

IN DEFENSE OF ROTE LEARNING

An influential man who has no children of his own writes:

"My sister and I read with unadulterated admiration your 'Plea for Rote Learning' in this morning's paper. She has taken it to school to read to a group of teachers and student teachers which is due to assemble today.

"This contention that 'nothing should be learned until understood' is indeed a 'fad', and it is a 'fad' based not merely upon caprice but also upon very thin superficiality. The child at 5 does not fully understand the 23rd Psalm, although it doubtless has some meaning for him. He will not fully understand it when he is 85. Its wealth of meaning is unsearchable. To overlook this fact, as those who oppose all rote learning do, is superficial.

"Early one evening, in a cheap restaurant in New York City, I fell into conversation with a poor but cultured Italian. He was there to snatch a bite before hurrying to the Opera House in order to obtain good standing room. He could not pay for a seat, but this was a gala occasion for him. It was to be the 50th time that he had listened to AIDA. The opera had had a different shade of meaning for him, he said, every time he had heard it. The moral is the same: Nobody can 'fully understand' AIDA or any other great work of art.

Priceless Possession
"When I was in the grades, I had the same teacher for three years. We learned by rote a very large number of Longfellow's best poems. I realize now that this teacher probably rated Longfellow too high in the pantheon of poets, although I am also sure that he is grossly underrated today. Be that as it may, the poems I learned under her direction have been a priceless possession throughout the years, always available when, because a train has been late or for any other reason, time has hung heavy."

This correspondent, an attorney, puts the case convincingly. I wish elementary children in school and in Sunday school might commit to memory many of the choicest bits of poetry and prose. While the range of material to be memorized, from which the children chose, should be somewhat within the reach of their understanding, much that is only slightly understood might profitably be learned by heart if this learning can be made a fairly satisfying experience.

Solving Parent Problems
Q. Might a son or daughter only twelve years old be safely entrusted to plan and prepare a meal for the family, even to do the necessary shopping?

A. With some children it would be very safe, if the parent had reasonable expectations and had been used to letting this child take smaller responsibilities. If more children had the opportunity to assume such responsibilities they would be more ready to cooperate about the home.

Q. Should the young child be forbidden to do anything before he can understand the reason why?
A. Yes, indeed. He needs to learn to avoid certain things dangerous to him and to which he might be a menace long before he can understand why, if he is to have good early training in safety, character and citizenship.

THE BARBER OF BAD AXE

The barber of Bad Axe is friendly to all.
Seems happy whenever you drop in to call.
Takes bishop and parson and poet and clerk.And banker and lawyer as part of his work;
Says they all look alike, whether playful or grave,
When they come to the chair for a haircut or shave.The barber of Bad Axe seems matter of fact,
But he's gifted 'd say with remarkable tact.
He speaks when he's spoken to, seldom before.A policy maker should try more and more;
But his eyes seem to light with a furious glare
Whenever a golfer is sprawled in his chair.While stropping his razor or soaping a chin
He'll offer a golf game and bet he can win.
And all who have taken his offer regret.With genuine sorrow the day that they met;
For the barber of Bad Axe from springtime to fall,
Has taken all comers and trimmed one and all.Said the barber of Bad Axe one morning to me:
They all look alike in the chair, on the te.
Be they bishop or poets, whatever the breed;They all come to me when a haircut they need.
For business or golf game I'm always on call.
With scissors or golf clubs I work on them all.

"What courses can I take up that will prepare me for lifehood and home-making? I like to study and have time for any amount of application that will lead to worthwhile accomplishment."—Reba.

Answer: Join classes in domestic science and home decoration, if possible. If not go to your public library and read all available text books on these and related subjects. You will learn from these that cooking is a branch of chemistry no more mental than landscape gardening are arts demanding much of the knowledge of color and grouping required of illustrators. When domestic science and home decoration are made compulsory in all school classes attended by girls, far fewer husbands will develop restless feet and roving eyes and fewer marriages will go on the rocks. The young husband, who, in an artistically planned and decorated home—no matter how small—eats a scientifically budgeted meal prepared or supervised by a wife educated to save vitamins, time and money, is far easier to domesticate than one who in a bare or cluttered "Bohemian studio" eats from cans unregulated pabulum that runs his digestion and his disposition.

Tomorrow—On Becoming A Receptionist

Henry Huddleston, scion of an old Bethel Connecticut family, married a hat-check girl and took her back to Bethel to live. The good dames of Bethel snubbed her in a hurry and Henry decided to do something about it. The first thing he did was import a flock of sheep to graze on the Huddleston lawn much to the chagrin of his swanky neighbors. The town fathers hurriedly passed a zoning ordinance and forced him to remove the woolly critters. He replaced them with twelve coon dogs and added to the confusion by letting the motors of his several automobiles run all night. He then installed flood lights all around his house and kept them going full blast every night. Last, but by no means least, he built a fence around the entire estate—but what a fence. In some places it was so high a giraffe couldn't see over it and in others a low-slung duck could step across without scraping its belly. Neighbors describe the fence as looking like a roller-coaster. The war is still on but neighbors wish it wasn't.

"Oh, no," Mary responded. "The organist plays that."

Neglected Trade Is Getting Attention
Latin-American Export Trade Is Sought
Uncle Sam Reshuffling Consular Service

By CHARLES F. STEWART

Central Press Columnist.
WASHINGTON, Sept. 24.—Uncle Sam is reshuffling his consular service at a great rate, with a view to taking better care of Latin-American export trade. It's been in bad shape of late because defensive and lease-lend demands on our industries have been so heavy that they haven't been able to fill Latin-American orders.

Nearly \$100,000,000 worth of them are piled up, waiting to be attended to, and there are signs that many would-be customers are becoming exceedingly impatient—that we'd better hustle up shipments to 'em, or, by the time we get around to it, we may find we've lost their patronage permanently.

Commerce Secretary Jesse Jones has taken the situation in hand and has evolved a scheme for breaking the bottleneck.

Most of the orders are received by export houses that don't produce their merchandise, but buy it from manufacturers and practically all of the country's bigger plants are so busy that they can't make deliveries to the exporters.

But Secretary Jones discovers that there are about 15,000 comparatively small concerns that don't produce war supplies, but do turn out the kinds of civilian goods that the Latin Americans are clamoring for. Jesse's had a thorough survey made and now has a complete list of these little fellows. No such list ever has been available before and the exporting middlemen appear to have been more or less unconscious of 'em. And, relative pews as they are, it's Jesse's judgment that, combined, their productive volume will approximately equal that of the comparatively few big ones.

Clearing House

His idea is to have all Latin-Americans turn their orders in to our consulates in their various vicinities, to have the consulates forward 'em to suitable Yankee exporters, and then to have the exporters submit 'em to his departmental clearing house, which from its master list, will place 'em with the right smallish manufacturers. These, having done the necessary processing, will ship the finished goods to the exporters, who, in turn, will forward 'em to Latin America.

Of course a very considerable personnel will be required to handle this job. Jesse has drafted quite a staff of experts to deal with it "for the duration." However, consuls, vice consuls and commercial attachés are the nucleus of the outfit. They'd be the whole thing except that there aren't enough of 'em to get away with it and look after their other duties.

And here's where the consular reshuffling nistfith to T. B. A. 55 is reshuffling itself on the program.

A lot of our consulates general and plain consulates have been closed throughout Axis-dominated Europe and a sizable crowd of consuls general, plain consuls and mere vice consuls are back in Washington, hitherto wondering what was going to become of 'em. Jesse Jones knows. He's going to incorporate 'em into his clearing house.

A good many members of our Latin-American staffs probably will be called home for local activity in connection with the scheme. They'll be familiar with Latin-American conditions and their advice will be valuable. But naturally their Latin-American positions will have to be refilled. Indeed, additions will have to be made. These will be just the berths for the chaps back from Europe.

Not only will there be no redundancy of 'em. There'll be a scarcity. When the war is over, perhaps they'll be returned to Europe, but, at any rate, they'll be provided for, for the present.

It's recognized that a certain amount of rationing is likely to be found necessary.

Jones To Tell 'Em

The 15,000 small factories' entire output can't be drained off for export Latin Americanward. That would mean famine for home civilian consumerdom. Prospects are that it will be pinched somewhat, and that, on the opposite hand, Latin-America won't get quite all it's in the market for. It will be up to Jesse Jones' clearing house to dictate a fair division.

Incidentally, Jesse may be in a good bit of competition for priorities with our defense and lease-lend priority seekers.

The defense and lease-lend folk want everything in sight and Jesse's sure to demand at least an even break for his Latin-American export program. And when Jesse demands something, he isn't an easy cabinet member to say no to.

The World and the Mud Puddles

THE DIFFERENCE

Thirty-two years ago the United States Army purchased its first airplane, a fragile contraption of canvas, bamboo and wire—the forerunner of the mighty space and time-annihilating machines which have revolutionized warfare and altered the fate of nations and empires.

On August 2nd, 1909, the Army accepted from the Wright brothers the flying ship that was the birth of the Air Corps now grown to tens of thousands of officers and enlisted men.

The first plane boasted a sputtering little motor of twenty-five horsepower. The Army's newest plane today, the giant B-19, has sixteen thousand horsepower. The Wright plane weighed eight hundred pounds, and the Army demanded that it show a maximum speed of thirty-five miles an hour. The B-19 weighs eighty tons and can fly two hundred and ten miles an hour. The Wright brothers' craft had a cruising radius of one hundred and twenty-five miles. The huge new bomber, with a capacity of eleven thousand gallons of gasoline, can fly from New York to Europe and return without refueling. The first Army plane could carry two men and remain aloft for an hour. The Army's new flying fortress can remain aloft thirty-seven times as long, and in addition to a crew of ten, can carry one hundred and twenty-five men when used as a troop transport.

Behind these figures stand the story of the growth of death-dealing sky armadas which have changed the character of warfare, which have brought civilians into the very front lines of battle, and which, for good and all, have destroyed the ancient natural barriers—rivers, seas and mountains.

It statesmanship had progressed as swiftly since 1909 as technology, who knows? Perhaps, this would be a sadder, happier world today.

SEPTEMBER 24

1755—John Marshall, chief justice of the Supreme Court, at Midland, Va. When he was appointed chief justice in 1801, it was the general opinion that the Supreme Court was the one department of government which had failed in its purpose. Marshall's service was to strengthen the power and dignity of the court. He came to embody the majesty of the judicial department almost as fully as the President stood for the power of the executive.

1784—Zachary Taylor, 12th President of the United States, in Orange County, Virginia. Jefferson commissioned him a first lieutenant in the 7th Infantry in 1808, thus starting him on a remarkable military career of 40 years' duration. In addition to many Indian campaigns, he served in the War of 1812 and the war with Mexico. As a major-general he led the successful campaign in northern Mexico. Principally on the basis of his war record he was elected President in 1848. He died of typhus fever July 9, 1850.

1827—Henry Warner Slocum, major-general in the Union Army, at Delhi, N. Y. He was an officer in the regular army at the outbreak of the Civil War and became a colonel of the 27th New York Volunteers. He was promoted to major-general in 1862. He fought in all the Virginia campaigns from the first battle of Bull Run to Gettysburg, where he commanded the 12th corps. He also took part in the battle of Chattanooga and the Atlanta campaign as a corps commander. Following the war he was a representative in Congress for two terms.

Expect Axis Forces To Make Middle East Drive During Winter

By KENNETH DOWNS
International News Service Staff
Correspondent

CAIRO, Sept. 24.—Axis forces are preparing for an attempt to conquer the Middle East as soon as they are forced by winter weather to stabilize the Russian front.

That is this writer's opinion today after making a survey of the military picture from Turkey to the western desert and from the Mediterranean to the Red Sea.

It appears likely that the heaviest fighting of the war may shift to this theatre this fall and winter and that the fricas which cost the Germans ten tanks Sept. 14, when they sent out an extraordinarily powerful armed reconnaissance into the desert, was the preliminary shot in the impending struggle.

Axis Adds To Forces

Despite the 25 per cent toll of shipping exacted by the R. A. F. the British fleet air arm and by submarines, the Axis steadily has strengthened its forces in Libya during the summer. They have worked especially hard at building up air bases and munitions reserves in readiness for reception of a huge air force.

The stage is fairly set now and we are awaiting only the arrival of a large striking force of the Luftwaffe, which can be transferred quickly from reserve bases on the continent and from northern Russia, where the weather soon will curtail its operations.

Meantime the familiar patrol operations, seeking information and soft spots, are progressing. No realistic observer, least of all Gen. Claude Auchinleck, the British middle eastern commander-in-chief, has expected Russian resistance to make the middle east safe.

Time Is Provided

The best the British hoped for was that the Russian resistance would afford priceless time—and this it has done.

Everybody knowing German tactics was certain that as soon as they stalled in Russia the Nazis would lash out in a new direction. The only question was: when and where?

Simple logic answers the question of when. The answer is as soon as possible, because British strength in the middle east is growing at such a rate the enemy must act soon or forever lose any prospect of success.

As to where the Nazis would strike, there has been speculation involving vast areas—from Turkey to Spain, from Gibraltar to North Africa, with the Island Bastions of Malta and Cyprus between.

But again logic compels the as-

sumption the main operation will be on the western desert, coupled with a vast air offensive. For it is at Libya the Axis has the bulk of its strength, including more than two armored divisions, which must be the spearhead of the attack.

There may be a feint or diversion action elsewhere, especially against the little island fortress of Malta, which not only has withstood one of the longest and most severe sieges of the war, but has become an offensive thorn in Axis supply lines as well. Another feint may be directed toward Turkey.

But the main effort almost certainly must come on the western desert and the border where Libya and Egypt meet.

The scorching desert is beginning to cool now and the fighting season is coming here as it wanes in Russia.

So it is a good bet that by Halloween Europe's hobbobins will be hammering with all their fury at this keyhole of empire, and that by Christmas the final decision will be rendered.

They are well behind schedule now because German prisoners taken last April confidently predicted the middle east would be overrun in 80 days—or by the end of July.

Highway Forces Racing Weather To Finish Work

HARRISBURG, Sept. 24.—Main-

tenance forces of the Department of Highways are concentrating their attention during these remaining weeks of favorable weather this fall to the completion of construction projects undertaken during the present year.

Virtually all of the special maintenance operations have been finished.

Most of the surface treatment operations were completed about September 15. Surface treatment jobs on a major scale are never undertaken after that date. Special permission must now be obtained by the field organization to do any of this type of work and only those requests will be granted to protect the road surface during the coming winter.

The department was able to complete all of its scheduled surface treatment program this year. Anticipating a shortage of bituminous materials, the department early in the Spring placed its orders and scheduled the work earlier than usual. By this action sufficient material was received before the shortage became too acute.

Because of the shortage of materials last month construction operations being carried on by the department's forces were slowed up somewhat. However, the situation has eased materially, the engineers say. They expect to get sufficient material during the next few weeks to place surfaces on many miles of road that earlier it was feared could not be finished this season.

Recently the department received notification that priority ratings had been given for construction and maintenance materials. That action on the part of Federal authorities will enable contractors and also the department to receive materials for construction and maintenance work. Priorities are based on the importance of the particular road job in its connection with national defense.

AROUND CITY HALL

City Treasurer C. C. McKibben today stated he has received this year \$38,600 from the state liquor fund. The last payment was received Monday. The first sum, New Castle's share from the 1939 fund received sometime ago amounted to \$19,750. The 1940 payment of \$18,850 was received Monday.

Indications are the city may receive from parking of cars in meter zones this year \$6,000 more than in either 1940 or 1939. According to estimates furnished by City Treasurer C. C. McKibben the city will realize \$25,000.

Sewer bureau of the department of improvements has an intelligent dog. In fact, he is being rated as a second "Bo." Eddie Leban, a sewer bureau worker lost his pocketbook which contained greenbacks and cash. Later the dog, which is a mascot at the sewer and street bureaus came walking into the building with the pocketbook held in his mouth. According to reports the dog is going to be given a banquet consisting of ground meat and bones today.

Howard Phillips, superintendent of the collection and disposal of garbage reported today a slight falling off in the amount of garbage being collected, which no doubt forecasts that the corn season is on its way into 1941 oblivion. The big rush occurs during corn season. Canning season isn't as heavy upon the department as the corn season.

City Treasurer C. C. McKibben has had delivered to taxpayers who are delinquent notices to pay their 1940 city personal taxes else a levy will be made. Numerous clerks are now preparing 1941 tax statements in his office.

Darlan once told reporters: "I hate England because she kept me out of office for three years." Hell hath no fury like a politician kept out of office.

MARY CRISCI BRIDE OF WILLIAM DECARBO

Two well-known families of New Castle were united at an impressive and beautiful ceremony performed this morning at 9:30 o'clock in St. Vitus church when Miss Mary Crisci, daughter of Mr. and Mrs. M. G. Crisci, 1023 Croton avenue, became the bride of William F. DeCarbo, son of Mrs. Charlotte DeCarbo, 514 East Lytton street.

The single ring ceremony was used with the Rev. Fr. Nicholas DeMita officiating.

The bride, given in marriage by her father, was beautifully attired in a moire taffeta Early American Period gown with a close fitting bodice and full skirt with train. A full length veil of illusion lace fell from a cap of orange blossoms. The bride carried a colonial bouquet of snow-white roses and white orchids.

Miss Angelina L. Colella, the bride's only attendant, wore hyscynth blue taffeta, fashioned similarly to the bride's gown. She wore a matching halo cap, bonnet style, and carried a bouquet of yellow chrysanthemums.

Frank V. Crisci, brother of the bride, served as the best man. Ushering were Nicholas and Edward DeCarbo, brothers of the bridegroom.

Preceding the ceremony, at 9:00 o'clock, a half-hour program of nuptial music was played by Roland Crisci, brother of the bride, on the organ. His selections included "Prelude and Fugue in B Flat Major" by Bach, "Intermezzo" (Cavalleria Rusticana) by Mascagni, Handel's "Largo," "To the Setting Sun" by Garth Edmundson, and "Serenade" by Moszkowski. Rossini's "Aria Maria" was sung by Michael Turco.

Following the ceremony, Mr. and Mrs. DeCarbo left on a motor trip, their itinerary to include the Skyline Drive, the Smoky Mountains and Florida. Upon their return, the DeCarbos will reside on Lytton street.

The bride is a graduate of New Castle high school and of New Castle Business College. For the past year, she has been employed in the Engineers' office of the State Department of Highways in Pittsburgh. The bridegroom is also a graduate of New Castle high school, and of the Cleveland College of Embalming. He is now a funeral director in this city.

FIVE W'S CLUB HAS INITIAL GATHERING

Initial meeting for the Five W's club members was held Tuesday evening in the home of Mrs. Paul Alford, Court street, with Miss Ludy Marchette sharing as a special guest.

Cards held attention, with Mrs. Robert Glaspey and Ruth Johnston capturing the honor prizes. Lunch was served at the close of the contest, and it was later decided to change the meetings to Thursday nights, their next assembly taking place on October 9, with Mrs. Randall Book, Slippery Rock, R. D. 2.

COMPLETE PLANS FOR CONVOCATION MEETING

Arrangements were completed for the annual meeting of the Convocation of Meadville, Women's Auxiliary, when members of the Junior Guild of St. Andrew's church gathered in the home of Mrs. Ethel Evans, Arlington avenue, Tuesday evening. The Convocation meeting is to be held here at St. Andrew's Episcopal church on Wednesday, October 1.

A social time followed with a delicious lunch being served by the hostess. Tea was poured by Mrs. Rachel Dean.

Next regular meeting will be the second Tuesday of October.

ANNIVERSARIES MARK LAZY DAISY MEETING

The first anniversary of the Lazy Daisy club and the birthday anniversary of one of their number, Mrs. Paul Keelen, featured the regular meeting held Tuesday evening in the home of Mrs. D. K. Williams on Butler avenue.

Mrs. Keelen received a shower of personal gifts as mementos of her birthday, and the time following was spent informally. Lunch was served afterwards, with the birthday motif being carried out in tones of green and yellow. Mrs. Clarence McConnell and Mrs. A. R. Armstrong aided the hostess.

The next meeting, October 7, will be an evening affair with Mrs. Clifford Brydon of Delaware avenue, hostess.

L. C. B. A. BRANCH TUREEN DINNER

Members of the L. C. B. A. Branch No. 467 of St. Joseph's church will have their tureen dinner Thursday evening in the St. Joseph's hall.

The delicious meal will be served at 6:30 o'clock by members of the committee. Following the dinner a social program will be presented.

Mrs. Amelia Castella is the general chairman.

Red Cross Needs Here Analyzed

Key Workers Of Lawrence County Chapter Have Dinner Meeting Last Evening

SEE NEED FOR \$20,000 BUDGET

At a dinner meeting of key workers of Lawrence county chapter, American Red Cross, which was presided over by Roll Call Chairman Norman E. Clark, in the chapter house Tuesday evening, the needs of the chapter for the coming year were analyzed, based on a review of the work done during the past year, and the necessity of raising a \$20,000 budget was discussed.

Chapter Chairman Ralph F. Davis presided and introduced Mr. Clark as chairman of the evening, who in turn called upon Miss Thyra Fulton, home service secretary, and Miss Margaret F. Bodenstien, executive director, for an explanation of what the chapter has done during the year, and what the needs for the coming year would be.

Briefly, a total of 9,119 units of service was completed by the home service department, which was instrumental in securing benefits of \$24,260.26 for veterans and their families.

In first aid, 43 first aid instructors taught 361 people during the year, with nine highway first aid stations maintained. There were 230 persons instructed in life-saving.

In the production department, 2,440 women gave 32,754 hours of volunteer service, producing 9,011 garments. In the knitting department, 1,075 women gave 72,473 hours of service, completing 13,106 garments and articles, while seven local auxiliaries and two in Ellwood City made and shipped 82,520 surgical dressings.

The Lawrence county chapter, because of the above accomplishments, leads the entire nation in chapters of its size in Red Cross work.

What the need for the future would be, Mr. Clark could not estimate, but pointed out that there was certain to be a heavy demand on the chapter for assistance to men who are being discharged from the service, and to their families. There was no solicitation at last night's meeting, nor will there be any work of this nature done in connection with the chapter's roll call, until November 1, when the advanced gift solicitation will begin, followed by the general solicitation on November 11.

Oil Production Shows Increase

(International News Service)

NEW YORK, Sept. 24.—Crude oil production for the nation as a whole shot up an average of 40,500 barrels daily during the week ended September 20, the American Petroleum Institute reported today. The daily average was estimated at 4,074,200 barrels.

The industry as a whole ran to stills, on a Bureau of Mines basis, 3,995,000 barrels of crude oil daily during the week, and all companies had in storage, etc., as of the end of the week, 80,199,000 barrels of finished and unfinished gasoline.

The total amount of gasoline produced by all companies was estimated at 14,031,000 barrels during the week.

Nobile Shoe Store Newly Modernized

New Window, New Interior Will Greet Public At Opening Saturday

One of the most modern shoe stores in this part of the state—the finest in the chain—will be opened to the public Saturday morning, September 27, by the Nobile Shoe Co. at 130 East Washington street, in the heart of the shopping section.

Workmen today put the finishing touches on the concern's \$7,000 remodeling program which has removed two unsightly upper stories of its building. The Nobile Company owns the building and is endeavoring to enhance the downtown shopping district.

President George Nobile, of Akron, inspected the renovated store early this week and described it as "the most beautiful" of his 43-unit chain. Manager of the store is H. W. Helmick, who stressed the confidence the Nobile management has in the future of New Castle.

"We believe in New Castle's future," he said. "We always have since coming here six years ago. Then we offered an up-to-date store and now, with business improving, we offer a far better and more delightful place in which to shop. Nobile's can meet the entire family's footwear needs."

The store's handsome new front, in terra cotta and wine cararra, will be most striking. The store is next door to Citizens National Bank, and has been open throughout the remodeling.

Ellwood City Man Indicted

(International News Service)

ERIE, Pa., Sept. 24.—In the first case of its kind in Pennsylvania, Eugene Stokes, White Plains, N. Y., Negro, was placed on probation for two years today in federal court on a charge of possessing and attempting to sell "flash money" in Pittsburgh last June.

Stokes was accused of possessing 37 "obligations made partly in similitude of United States \$10 federal notes."

Charles Fauci, of Niagara Falls, was given a year and a day, and fined \$1, for allegedly passing phony \$5 bills in Ridgway. His partner, Salvatore Porto, was to stand trial later.

Judgments returned by the grand jury included:

Vito Trotta, Ellwood City, possession of untaxed liquor.

Trucks-Buses Are Classified

State Completes Listing As Part Of National Defense Program

By JOHN PAGET International News Service Staff Correspondent

HARRISBURG, Sept. 24.—Classification of all trucks and buses in Pennsylvania as part of the transportation plan under the national defense program was completed today by the department of revenue.

Officials said the complete tally will be withheld until the report is submitted to Gov. Arthur H. James and to W. F. A. project workers at Philadelphia for inclusion in a nation-wide survey starting tomorrow. However, revenue department officials said the final state count will be only slightly above the registration in December, 1940, when 345,946 commercial vehicles were listed by the Bureau of Motor Vehicles.

The federal government, which requested the canvass, said the final nation-wide report was in preparation for more effective service in assembling defense materials, relieving congestion at docks and terminals and for prompt delivery of civilian supplies.

The survey, started more than a month ago in Pennsylvania, listed commercial vehicles according to type of body, location, and gross weight.

The motor vehicles bureau classifies commercial vehicles, buses and trailers in 18 categories ranging from trucks permitted to load less than 2,000 pounds to the huge tractor-trailers authorized to carry approximately 33,000 pounds.

Nearly 300,000

The bureau reported that in December, 1940—said to be a representative picture of what the report will contain—there were 297,395 "commercial vehicles," 5,900 motor buses and omnibuses and 43,651 trailers.

Federal officials explained that a comprehensive picture of the nation's trucking industry was necessary immediately to organize a far-flung transportation system designed to offset any overloading of rail and water lines in the national emergency.

W. P. A. employees on the so-called "white-collar project" at Philadelphia will transfer the information from all the states to punch cards bearing a series of numbers representing each weight, body and capacity classification.

This method of making the compilation will enable the office of production management to ascertain the number of any one classification in any state or region by merely putting the cards from the area in a sorting machine.

The department of revenue reported that more than 2,272,625 motor vehicles of all kinds were under state license.

The registration includes 1,915,454 passenger cars, a total of 345,946 trucks, trailers and buses, and 11,445 motor cycles. During 1940, vehicle owners paid \$38,799,984.02 in license fees to the state, it was said.

Schenck Denies War Propaganda Pictures Are Made

By WILLIAM S. NEAL International News Service Staff Correspondent

WASHINGTON, Sept. 24.—Subjected to a vigorous grilling, Nicholas M. Schenck, film magnate, today denied to a senate subcommittee that he produces war propaganda pictures, that the government seeks to control movie production or that he condones censorship in any form.

Sen. Tobey (R) N.H., fastest-talking member of the senate faced a barrage of questions at Schenck at a rate that both Tobey and Schenck became flustered and were talking at the same time, much to the enjoyment of the crowd of spectators.

Temper of other members of the interstate commerce subcommittee, appointed to consider resolutions for investigations of war propaganda, also flared.

Sen. McFarland (D) Ariz., suggested that Schenck was being asked wholly irrelevant questions. "I might suggest," said Chairman Clark (D) Ida, that if the senator (McFarland) doesn't like the hearing he can go back to his office."

Sen. McFarland (D) Ariz., suggested that Schenck was being asked wholly irrelevant questions. "I might suggest," said Chairman Clark (D) Ida, that if the senator (McFarland) doesn't like the hearing he can go back to his office."

Insurance Officers Speak At Banquet

Northwestern Mutual Executives Address 180 At Field Club

No immediate need exists for greater federal regulation of the nation's insurance companies, Edmund Fitzgerald, of Milwaukee, vice president of Northwestern Mutual Life Insurance Co., declared last night at a banquet of almost 180 Northwestern friends at the New Castle Field Club.

Fitzgerald and L. J. Evans, assistant director of agencies for the company, were speakers. They were introduced by Daniel H. Treloar, Jr., district manager for Northwestern in Lawrence and Mercer counties.

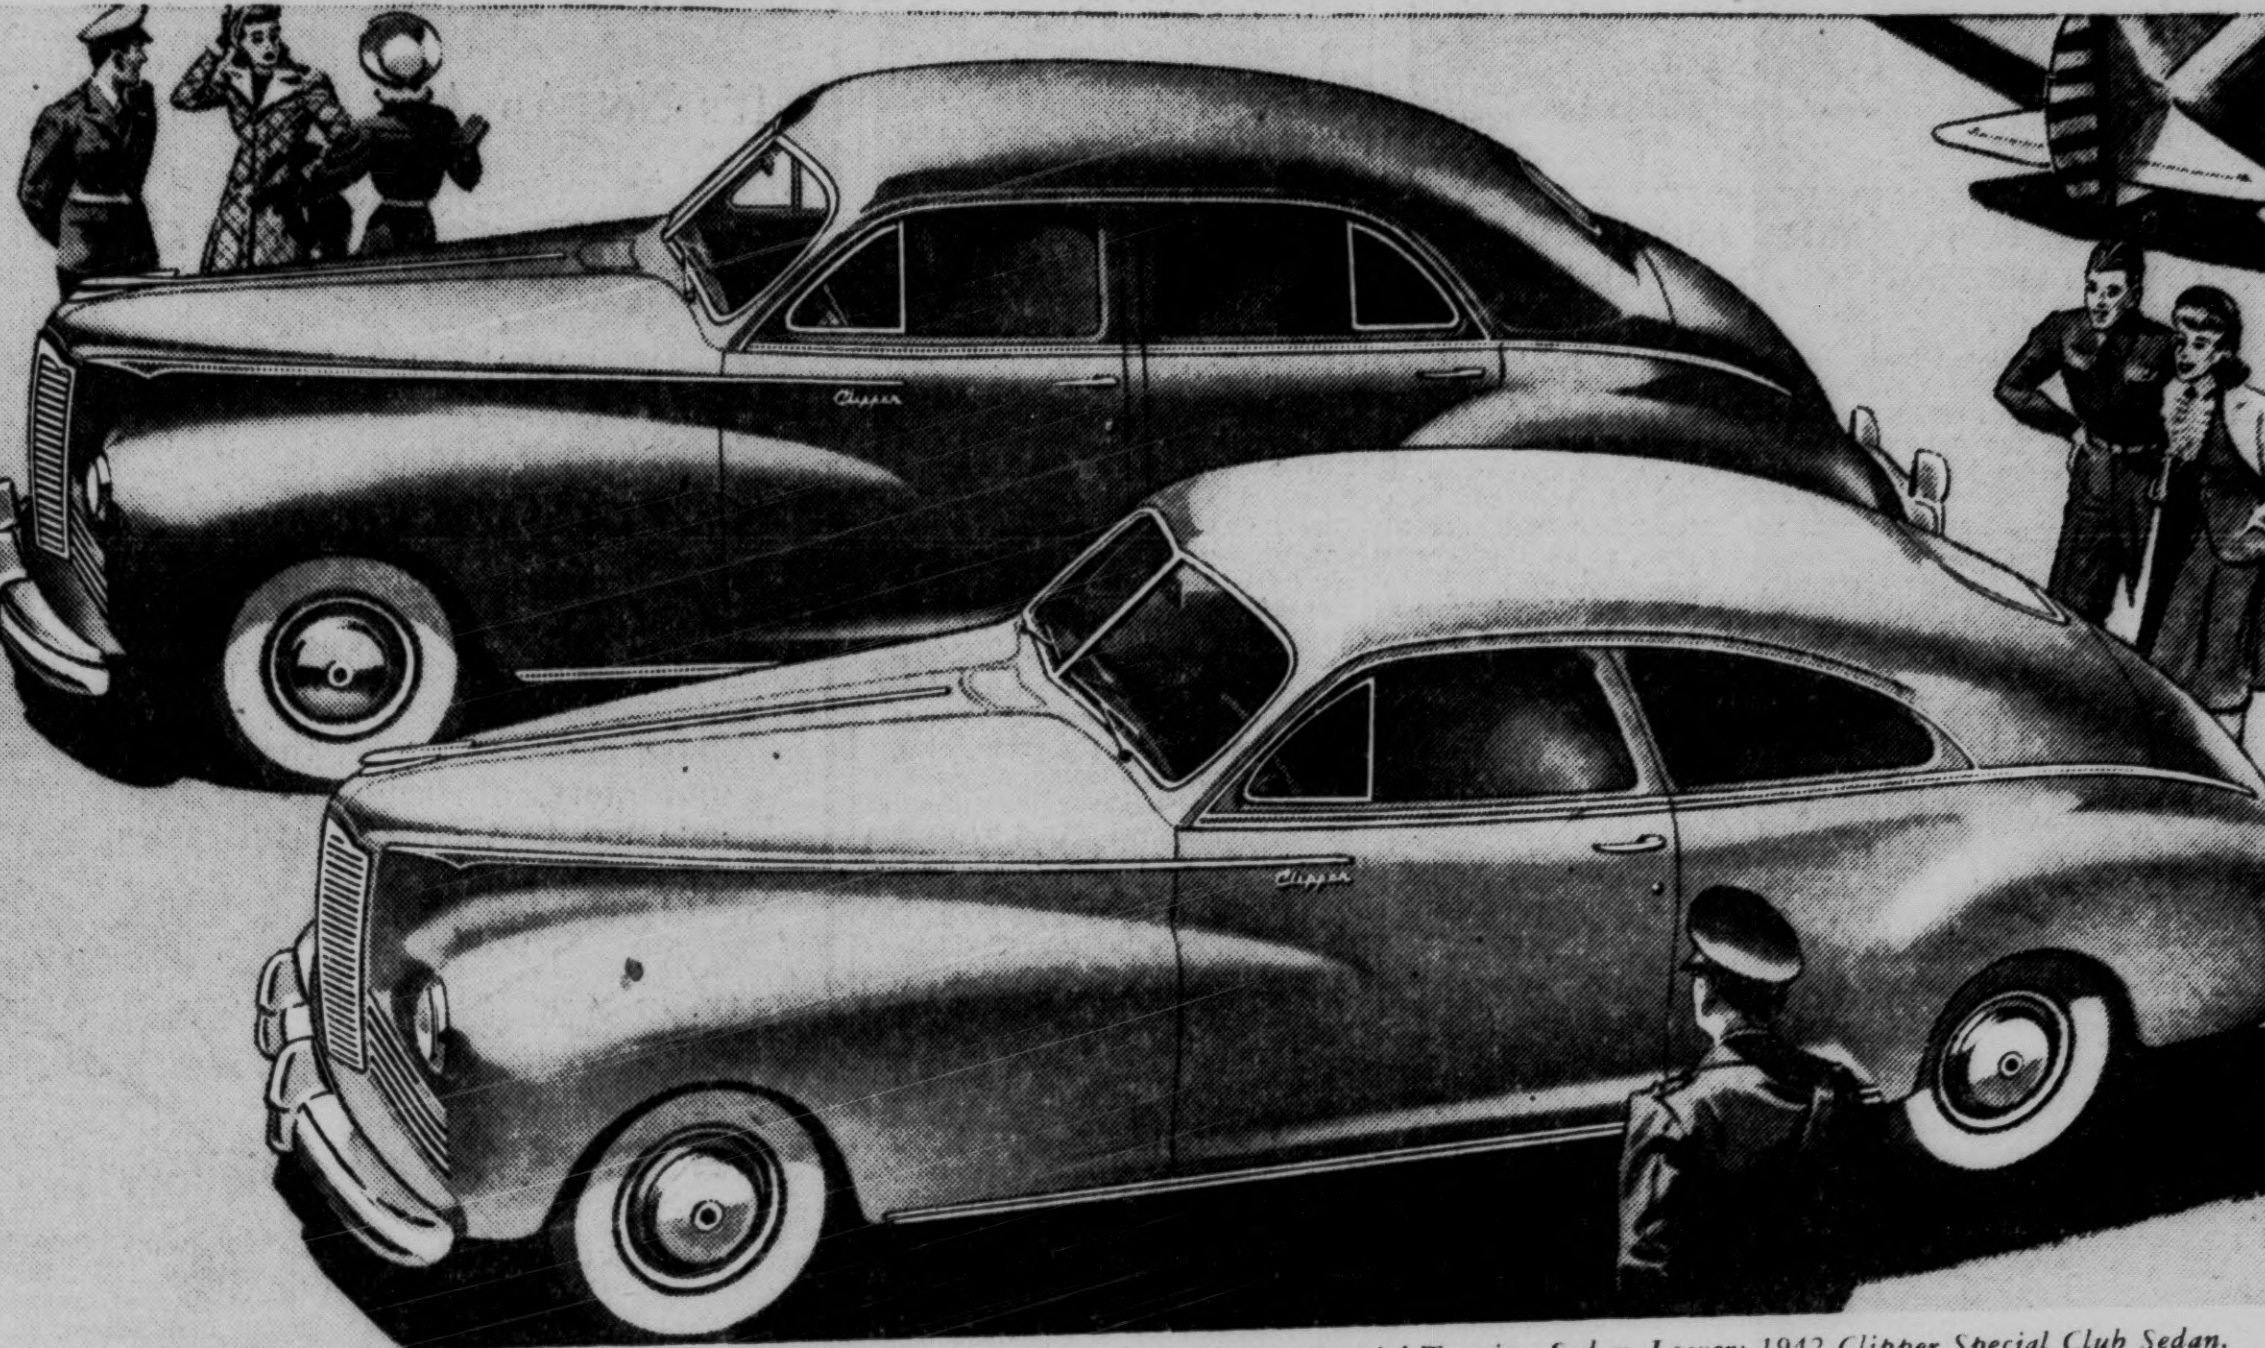

Vice President Fitzgerald spoke of the operations of a large insurance company and Evans discussed features of policies offered today by Northwestern and other insurance firms.

Roger Clark, Pittsburgh general agent for the concern, along with Treloar, extended greetings to the dinner throng, drawn from Lawrence and surrounding counties.

A color film depicting day-by-day activities of the Northwestern's home office in Milwaukee was shown.

Negotiations On Miners Demands Resumed Today

(International News Service)

WASHINGTON, Sept. 24.—Mediation board negotiations between the C. I. O. United Mine Workers and operators of so-called "captive" coal mines in Pennsylvania, Kentucky and West Virginia over the workers' union shop demand were resumed today.

The miners are back at work for a 30-day "truce," agreed upon pending the mediation board's deliberations. The United Mine Workers President John L. Lewis was on hand at the board meeting.

FREDONIA MAN HURT IN CRASH

(Special To The News)

MERCER, Sept. 24.—Earl Smith, aged 30, of Fredonia, was reported to be in a serious condition at the Mercer Cottage hospital, with chest and back injuries following an automobile accident Monday evening. Smith is employed as an operator at the state highway in Mercer, and was returning home when the accident occurred. He failed to make a turn near Jackson Center, and hit an embankment tearing out a telephone pole and ending in a barbed wire fence with car overturned and he was pinned under the rear wheel.

**1941 Apple Crop Will
Surpass 1940 Yield**

HARRISBURG, Sept. 24.—Latest indications are that the Pennsylvania apple crop will yield 9,591,000 bushels compared with 9,100,000 bushels last year which is in line with increased production expected throughout the commercial apple areas of the country, Secretary John H. Light of the Department of Agriculture said today.

The latest survey showed the crop to be 64 percent of normal compared with 61 percent at the comparable time last year. The apples in this State are generally clean and well colored and have attained fair size despite the dry weather which prevailed in important producing areas.

PICKET ON THE JOB
(International News Service)
LEXINGTON, Ky.—A lone picket stroled back and forth in front of a service station under construction. Curious passersby asked the builders why he was picketing. "I don't know," they asked the owner. "I don't know," they finally asked the picket himself. "I don't know. Roy sent me."

A breed of milch cows three feet high has been developed in the Azores Islands, according to the department of commerce.

**Japanese Believe
Russia Is Sending
Munitions To China**

(International News Service)
TOKYO, Sept. 24.—Koh Ishii, chief Japanese foreign office spokesman, declared today there is reason to believe Russia is still supplying munitions to the Chungking regime of Chinese Generalissimo Chiang Kai-Shek.

Ishii declared this constitutes an "unfriendly act toward Japan."

He added Japan is continuing to import oil from Mexico, South America and the Soviet section of Sakhalin Island, despite the United States embargo on oil shipments to Nippon.

**28th Division
Heads Southward**

Next Two Months Will Be
Spent In Intensive Training
On War Maneuvers

(International News Service)
INDIANTOWN GAP, Pa., Sept. 24. Their farewell review behind them, troops of the 28th Division today prepared for two months of maneuvers in North Carolina that will climax their training since induction into the federal forces.

Division headquarters announced that the first column of soldiers will leave the reservation at 4 a. m. tomorrow, followed two hours later by a second column. The third contingent will leave at 6:30 a. m.

The long trek to Lilesville, N. C., headquarters said, would be made in army trucks, buses and automobiles. More than 17,000 khaki-clad troops will represent the Pennsylvania outfit in the huge war games which will rival present maneuvers now being conducted in Louisiana.

Approximately 3,000 relatives and friends were on hand yesterday to bid farewell to the soldiers as they "passed in review" before Maj. Gen. Edward Martin, division commander; Gov. Arthur H. James, and two former division commanders, Maj. Gen. William G. Price Jr. and Maj. Gen. Edward C. Shanon.

**News Briefs
From City Hall**

Police Chief Willis G. McMullen stated today farmers should be wary of hiring strangers as farm-hands. He added a youth of 16, who weighs about 190 pounds and has "bushy" hair is said to be roaming the rural district. "Notify the nearest police agency if such a man applies for a position," McMullen requests.

Repairs to the police garage have been completed. The garage was damaged by fire some time ago.

Because of necessary parts not having arrived the two-way radio system between police headquarters and one of the cruiser cars is not yet in operation.

Police have been ordered by Mayor Charles B. Mayne to watch for persons who annoy fans at football games here.

Raccoons and other hibernating animals in the zoo at Gaston park are getting ready for their winter's nap, according to Owen Fox.

Police are watching for obscene literature salesmen here.

GARDNER

See Preparations For Fall Of Leningrad

By STEN HEDMAN
International News Service Staff
Correspondent

STOCKHOLM, Sept. 24—Evidently preparing for the impending fall of Leningrad, the Russians are blowing up war-important facilities in the Soviet's second city, an eyewitness account said today. While to the west guns of the great red naval base at Kronstadt have been silenced.

Large areas in southern Leningrad have been wiped out, and much of the central portion of the city is aflame, partially from Finnish and German air and artillery attacks, and partially from Russian "scorched earth" destruction, the witness reported.

Standing beside Field Marshal Baron Karl von Mannerheim, Finnish commander-in-chief, at an excellent vantage point on the Finnish defense line across the Karelian Isthmus, a reporter for the Stockholm Svenska Dagbladet told how Mannerheim watched operations around Leningrad.

The famous Finnish marshal could see open before him a route for a direct frontal attack on the northern outskirts of Leningrad. For Russian artillery fire from the land fortress of Todleben, between Kronstadt and Leningrad—which has been holding up the Finns' advance—now has ceased.

Batteries Damaged
Severely damaged by full hits from German and Finnish artillery, said the Svenska Dagbladet reporter, the long range batteries on Kronstadt, 20 miles west of Leningrad, ceased firing several days ago. At night, from Mannerheim's observation point, four streams of fire can be seen pouring in and out of Leningrad. Two of the streams come from the German and Finnish lines, and two from the Russian batteries inside Leningrad.

"Every night German artillery shoots a ring of flames into Leningrad, whose torn silhouette is pictured against the burning horizon," the eye-witness wrote.

"Gigantic fires, wheeling bombers, roaring explosions, the rattle of machine-gun fire, the thunder of guns—all make a weird witch dance of lights and sounds."

"Sometimes there are heavy explosions which obviously are not caused by bombs or artillery."

"Thus it is believed that the situation has reached a state where the Russians are blowing up important construction works."

"Deserters arriving in Finland say that large parts of southern Leningrad have been almost wiped out, and great fires have destroyed the harbor."

"Soldiers defending Leningrad have plenty of ammunition, but they are short of rifles."

"Many Russians who were taken prisoner were in civilian clothes. They said they were ordered directly to the front from their factories."

Traffic Signal Standardization May Be Delayed

(International News Service)
HARRISBURG, Sept. 24—Standardization of traffic signals in Pennsylvania communities cannot be accomplished by January 1, the deadline as prescribed by law, state officials indicated today after completion of a preliminary survey.

A law passed in 1937 but postponed until January 1 require that traffic light be changed to corner types and installed at all busy intersections. In addition, the law specifies that the lights be arranged in a green-amber-red-green sequence.

Secretary of Highways I. Lamont Hughes, it was learned, will study the report and grant time extensions to certain cities incapable of revising lighting systems prior to the deadline.

Hull Says Navy Will Halt Subs

By KINGSBURY SMITH
International News Service Staff
Correspondent

WASHINGTON, Sept. 24—Secretary of State Cordell Hull today expressed confidence that the United States Navy will put a stop to the sinking of American-owned merchant ships in American defensive waters.

Asked at his press conference if he thought the navy would stop the attacks on ships in the North Atlantic, Hull said he felt everyone had unlimited confidence in the navy in that respect.

He added that the State Department is assembling all available information of the American owned, Panama registered, Pink Star, sunk in the North Atlantic on Sept. 19.

Meanwhile, the navy expressed its hunt for the attacker of the Pink Star.

Lawrence County Priests Forum Luncheon-Meeting

Holy Name Eucharistic Rally To Be Held In Pittsburgh, October 12, Is Discussed

Tuesday morning at 9:30 o'clock in St. Mary's church, a solemn high mass was celebrated with the Rev. Fr. V. V. Stancilewski of SS. Philip and James church as celebrant, Rev. Fr. Francis C. Streiff of St. Joseph's, deacon, and Rev. Fr. Edmund F. Rowan of St. Monica's, Wampum, as sub-deacon. Rev. Fr. Joseph Bernatowski, new assistant at the B. V. M. church, was the master of ceremonies.

The mass commenced activities of the season for the Lawrence County Priests Forum. Members of the organization gathered at The Castleton for their luncheon-meeting following mass, with the Rev. Fr. V. V. Stancilewski, president, in charge. Rev. Fr. Edmund F. Rowan was secretary pro-tem. Rev. Fr. Albert M. Inteso, new assistant pastor of St. Vitus church, was chosen as secretary of the forum.

Important matters were discussed at the session, including the Holy Name Eucharistic rally to be held at Forbes Field on Sunday, October 12. Activities for the socialities of the local churches were also discussed by the group.

A special guest attending the luncheon-meeting was Rev. Fr. Alvin W. Fofney, director of the Holy Name society of the Pittsburgh diocese.

'WALKING BLOOD BANK' IS SET UP BY U. S. ARMY

(International News Service)
INDIANTOWN GAP, Pa.—The difficulty of shipping blood deposits under fire has been solved by the U. S. Army with the organization of a "walking blood bank" among the 16,000 soldiers of the 28th division in training at Indiantown Gap. About 9,000 soldiers of the "iron division" have had their blood typed and the classification has been stamped on the identification tags that record their army serial numbers.

"This gives us a walking blood bank," explained Lieut. Archie M. White, post hospital adjutant. "This method is a lot more dependable under actual battle conditions than the bank where blood in various forms is stored."

Suggests Defense Stamp Sales In Public Schools

(International News Service)

HARRISBURG, Sept. 24—Sale of defense saving stamps in the nation's public schools was proposed by State Sen. John H. Dent, (D) Westmoreland, today in a letter sent to Secretary of the Treasury Henry Morgenthau, Jr.

"Placing the stamps on sale in public schools will help the defense effort and give young America a lesson in thrift and savings," wrote Dent.

RETIRED TRAPEZE STAR CELEBRATES 80TH BIRTHDAY

(International News Service)

PLAISTOW, N. H.—What happens to the men on the flying trapezes after they stop flying. Although answers cannot be given for all men, there is one man who can answer for himself. He is Marchione DiFatta, retired trapeze star. DiFatta, who was known professionally as Archie Marvelles, of the Three Marvelles, celebrated his 80th birthday recently in his home at Plaistow.

Known to a number of celebri-

ties, including the Prince of Wales now the Duke of Windsor, DiFatta is enjoying private life with his wife, Mrs. DiFatta, 73, the former Stella Bruckner, a native of Australia and graduate of the Vienna Academy of Music.

In reminiscing of old days, DiFatta tells of his early start in Boston and how much harder circus life was in those days. During his career, he suffered a fractured skull, a broken leg, a broken arm and two broken ribs, in addition to many bruises and bangs that went with his specialty.

"HEALTH HAZARD"
(International News Service)
LOUISVILLE, Ky.—Edgar W. Archer, architect, designed a second-floor porch over a garage in exclusive Seneca Gardens, but the neighbors did the railing. William H. Crutcher, attorney for the town board, filed suit asking that part of the porch be torn down as a nuisance and health hazard. Asked why the structure was a health hazard, a complaining neighbor said the porch was copied from another and someone might have a heart attack over it.

Pittsburgh Garbage Truck Drivers Strike Is Ended

Drivers Return To Posts Today

Strike In Effect One Day—
Other City Drivers Are
Still Out

SOME OF PICKETS ARE ARRESTED

(International News Service)

PITTSBURGH, Sept. 24.—It was "back-to-work-we-go" today for 395 city garbage truck drivers and helpers, their one-day "holiday" ended by an abrupt city administration ultimatum, but 159 drivers from other departments remained out on strike.

The garbage drivers had been given until noon today by Mayor Cornelius D. Scully and council to return to work or be dismissed. The men met last night and voted 159 to 8 to report back for work at 8 o'clock this morning. Both groups seek wage boosts.

The original strikers, drivers and helpers in the street, sewer and traffic light maintenance bureau, were to have met last night but cancelled their session. Pickets were still on duty at some division points this morning.

Pickets Arrested
And although 14 pickets were arrested by police and released on \$15 forfeits yesterday, there were un-

confirmed reports that picketing of city hall entrances, which provoked the arrests, would be resumed today in defiance of the noon ultimatum. Carrying out his threat of "drastic action" on the grounds the walk-out is a "strike against the people" and hence illegal, Mayor Scully posted police at city hall points and on the Mayview city home and hospital ambulance. The driver of the ambulance had been told by pickets he would have to obtain a union permit or stop driving. The mayor ordered the ambulance to continue operations "regardless of interference."

The garbage drivers' representatives plan a further conference with council. The drivers, now receiving 75 cents an hour, seek 87 cents. Helpers, paid 70 cents, want 80. Majority of the striking drivers still out seek an increase of 12½ cents an hour.

Opportunity On N. Y. A. Projects For Local Youths

John D. Freed, project supervisor, Lawrence county, states that the National Youth Administration currently has several very desirable projects in operation to which youth of the New Castle area can be assigned. These projects are of the defense category and therefore offer unlimited opportunities for boys who are interested.

The qualifications are: (1) must be citizens of the United States or owe allegiance to the United States; (2) be between 17 and 25 years of age; (3) must be unemployed.

Interviews will be taken on Tuesday and Thursday each week at 1 p. m. E. S. T. in the old county office on the second floor of the Alken school on Pearson street, New Castle, or at room 511 Greer building, New Castle, any day between the hours of 8 a. m. and 4 p. m. E. S. T. Transportation to and from the job can be furnished to youth who would have an unreasonable distance to walk or provide for their own transportation.

Opposition To Canal Project

WASHINGTON, Sept. 24.—Heaviness will open next Tuesday before the House rivers and harbors committee on a new effort by Youngstown interests to obtain approval of the so-called "dead end" canal between the Beaver river and Struthers.

Proponents of the canal are seeking to have it included in an omnibus rivers and harbors bill, which will also include a long list of similar projects, including the Florida ship canal and the St. Lawrence waterway. Representatives of the Upper Ohio Valley association were here today preparing to offer witnesses opposing the canal after proponents complete their testimony.

HE'LL GUIDE U. S. FORCES IN WAR

Dr. Irving P. Krick

In these days of aerial warfare, weather is a primary factor and much of the credit for Germany's successes to date probably should go to Dr. Franz Bauer, Adolf Hitler's chief weather forecaster. If the United States should enter war, the responsibility of gauging the auspicious time for military moves probably would fall upon the shoulders of Dr. Irving P. Krick of the California Institute of Technology, reputed to be the nation's best weather forecaster. He has developed a technique for predicting weather several months in advance.

OCTOBER CIVIL COURT

Twenty nine cases are listed for trial in the October term of civil court. The court is scheduled to be held the weeks of October 13 and 20th. Undoubtedly a number of cases will be settled before they are called for trial. Most of them are damage suits arising from automobile accidents or suits to recover moneys due on contracts.

CASES FILED

In the office of Prothonotary and Clerk of Courts John A. Edgar the following suits have been filed:

Dale Mayer, a minor by Carlisle B. Mayer his guardian and Carlisle B. Mayer in his own right have agreed to a settlement of their case against Russell McHattie. The settlement which has been approved by the court gives \$445.75 to Carlisle B. Mayer and \$245.25 in full for injuries received by John A. Mayer in an accident.

Frank H. Boiles, Helen C. Boiles and Betty E. Boiles, a minor by Frank H. Boiles her guardian, of Youngstown, O., file a suit against Lloyd McKean of New Wilmington, asking \$449.19 damages for Frank H. Boiles and \$57.00 for Betty Boiles. The action arises out of an automobile accident November 15, 1940 at 12:40 p. m., when the cars of the litigants collided in New Bedford.

Mr. Boiles claims injuries to himself, damages to the car and loss of time from his employment. It is alleged that Betty Boiles was injured to such an extent that she lost much time from her studies in Westminster College necessitating her attending an additional year.

Leo Justine of Allegheny County files a suit for \$17,000 damages against Fred P. Hughes of Martin street, New Castle. The action arises out of an accident on September 7, 1941 on Route 422 in Mahoning township, when the cars of the litigants collided.

Morris Medof trading and doing business as the Medof Co., of Pittsburgh asks \$209.86 from Sam and Bertha Levine, claimed to be a balance due on a bill of goods sold.

Seek Divorce
Esther Irene Derrow, of Shenango township asks a divorce from Edward P. Derrow of Baltimore, Md., on the grounds of desertion which it is alleged has continued since January 2, 1939. They were married September 11, 1937 in Shenango township.

Mary Jane Kneram of New Castle asks a divorce from Harry Clair Kneram of New Castle, alleging cruel and barbarous treatment. They were married February 2, 1920 in New Castle.

Mrs. Johnny Milan of Pittsburgh, Mrs. George Milan and Mrs. Stella Packavitch of Millbrook called on Mrs. John Hayne.

Mr. and Mrs. Bell Campbell and son, of Volant, and Mr. and Mrs. Clifford Mathieson of Grove City, spent an evening with Mr. and Mrs. James Marshall.

Would Abolish Local Police

State Senator Proposes
State-Wide System Of
Police For Law Enforcement

By RAYMOND WILCOVE

HARRISBURG, Sept. 24.—Abolition of all local police in favor of a statewide system of enforcement was proposed today by State Sen. John H. Dent, Westmoreland county Democrat, as a major means of reducing local taxes.

Dent said he would propose, as part of his campaign for lieutenant governor, that the state assume both the cost and administration of policing the entire state.

The Jeannette publisher indicated that he would attempt to have the Democratic party include the proposal in its platform for the 1942 elections.

"It would be a wise move on the part of the state," he said. "It is a function which should be rightfully assumed by a centralized agency and would be a great step forward in eliminating local politics in police matters. It would do much to do away with police graft, especially in our larger centers of population. And it would be a progressive step in reducing local taxes."

MISSIONARIES FOR CHINA

(International News Service)

WOOSTER, O.—Mrs. Marie Collins Park and her daughter Wilma took a good look around when they left Wooster recently. The two women are missionary workers on their way to Yunnan, China, where they will be stationed for the next five years. Miss Park, however, will go first to the Philippine Islands to study the Chinese language before going on to take up nursing duties at Hwain Yuan.

Nazis Seek To Beat Winter

Early Winter Begins To Settle Over Northern Front Is Report

By MERRILL MUELLER
International News Service Staff
Correspondent

LONDON, Sept. 24.—British military authorities said today the Germans are making their maximum effort to crack Russian resistance now before winter restricts war activities to the Ukraine.

On all sectors, save the Smolensk region of the central front, the Germans are making an all-out drive which may prove their last major push on the entire front before winter snows bog down the fighting.

The biggest question-mark of the front is the Smolensk area. The Russians, while still on the offensive, there are reported indications the Germans are preparing a big punch. Smolensk remains the only major Russian salient obstructing the Nazi drive to the east.

The newest surprise from the front is the fact that for nearly a month—since their pincer operations from the Gomel area—the Germans have been installed at Glukhov, 75 miles southeast of Smolensk.

According to military authorities in London the German preparations for an attack on the Smolensk salient hinge at Glukhov. This was said to indicate a possible Nazi attempt to outflank Marshal Semyon Timoshenko's armies and force him to withdraw, thus straightening out the German lines.

An early winter with intense cold, rains and mud is settling in over the Karelian Isthmus on the northern front, and it was believed activity there soon will slow down.

The conscientious objector is sitting pretty. He satisfies his conscience, and knows in his heart that others will save his country.

Over \$9,000,000 Paid In Wages Here In 1940

Ellwood Ranks First In Cities Of Its Population In Western Pennsylvania

ELLWOOD CITY, Sept. 24.—The Ellwood City Chamber of Commerce received word today from the department of internal affairs of the state that Ellwood City ranked first in industrial wages received for cities of its population throughout western Pennsylvania during 1940.

Total wages paid for wage and salary service here in Ellwood City during 1940 was \$9,099,940, which is an increase over 1939 of \$1,777,640.00. Local payrolls are far in advance of this figure for 1941 and next year will still show a marked increase which shows the progressiveness of industry and the community that is backing the growth of Ellwood City.

A summary of the Ellwood City productive industry report is as follows:

Total salaries and wage employees, 4,930.

Total wages and salaries, \$9,099,940.00.

Primary horsepower, 33,182.

Number of electric motors, 1,943.

Horsepower of electric motors, 48,767.

Capital invested, \$7,640,200.

Value of products, \$25,427,400.

Wurtemberg Women Hear Deaconess

ELLWOOD CITY, Sept. 24.—An informative and interesting talk on the duties of a deaconess, which includes welfare, nursing and teaching work, was given to members of the Women's Society of Christian Service last night at the September meeting in the Wurtemberg Methodist church.

The speaker presented by Rev. Mary Johnson was Miss Carrie Dixon, deaconess of the Pittsburgh district.

A fine devotional service was conducted by Group 5 with Mrs. Ella Wimer as leader. It included prayer by Mrs. Harry Ketterer, a poem by Mrs. Eric Ostling and vocal selections by Mrs. Ralph Stewart and daughter Helen with Mrs. Harry Hess as accompanist. Twenty-five members attended.

Mrs. A. J. Musselman conducted the business meeting with plans being made to meet again on Tuesday, October 28, at the church.

Memorial Class Meets Tuesday

ELLWOOD CITY, Sept. 24.—Fourteen members of Class Two of the Bell Memorial Presbyterian church were pleasantly entertained last evening at the home of Mrs. Myrtilla Houk, Bridge street extension.

Opening devotions were led by Mrs. Susie Parker after which Bible story was played as the diversion. Aiding Mrs. Houk in serving a tempting lunch were Mrs. Matilda McPate, Mrs. Tina Houk, Mrs. Anna Johnson and Mrs. Faith Nye.

Another meeting will be held on Tuesday, Oct. 28, with the place to be decided.

Expected home today from a two weeks' vacation in Canada are Mr. and Mrs. John Robertson, of Crescent avenue.

New United States Battleship Slides Down Ways

Nearly 50,000 persons watched as the United States navy's new 35,000-ton battleship U. S. S. Massachusetts slides into the water, above, at the Bethlehem Shipbuilding company's yards at Quincy, Mass. The Massachusetts, sister ship of the North Carolina, the Washington and the South Dakota, is the fourth dreadnaught launched under the two-ocean navy program.

Wayne WCTU Has Fine Meeting

Mrs. Wendell Shoemaker Entertains Group For September Meeting

ELLWOOD CITY, Sept. 24.—Mrs. Wendell Shoemaker opened her home in Wayne township last evening to members of the Wayne W. C. T. U. for the September meeting. There was a good attendance and special guests were Mrs. Clifford Houk and son Gary.

Scientific Temperance Instruction was the topic presented by Mrs. Floyd Worrell and those taking part in the program were Mrs. L. H. Coulter, Mrs. Thomas Rodgers, Mrs. Harry McCandless, Mrs. Clair Boyer, Mrs. C. W. Boyer, Mrs. Tessie Beltz and Mrs. Shoemaker.

A report of the county convention was given by Mrs. Harold Sloss. Suggestions for financing the religious education in the schools were given. Mrs. William Boyer is the teacher this year. Mrs. Floyd Worrell was named official delegates to the state convention in Philadelphia in October.

Members were pleased to learn that Private Charles McCandless an honorary member, is recovering following an operation. He is stationed at the Aberdeen Proving Grounds, Md.

For the next meeting on Tuesday, October 28, members were invited to meet for an all day meeting and luncheon at the home of a former member, Mrs. George Covert, 811 Wood street, Coraopolis.

Baptist Guild Members Gather At Wehman Home

ELLWOOD CITY, Sept. 24.—Group two of the First Baptist church W. W. Guild gathered last evening at the home of Mrs. Charles Wehman, of Burnstown, for the September meeting, with President Mrs. Ray Conner in charge.

Mrs. Judd Furniss led the devotions, and Mrs. Wehman reviewed a chapter of the book, "The Seed and the Soil".

Mrs. James Cogley was named as a delegate to the Guild house party at Northeast, Pa., this week, and other members of the group to attend will be Mrs. B. G. Osterhouse, Mrs. Ray Conner and Mrs. Jesse Hayden. They will leave on Friday and return on Sunday. Other Guild members of the church will also attend.

Enjoyable games and contests followed, after which the hostess served a tempting lunch.

Plans were made to meet again on Monday, Oct. 6, at the home of Mrs. Lawrence McNany, Burnstown.

AUTO DEALERS TO MEET TONIGHT

ELLWOOD CITY, Sept. 24.—The Ellwood City Automobile Dealers will meet tonight at 8 o'clock in the Chamber of Commerce rooms. President Joe Summers will preside over the business session which will include the new and used car problem facing every car dealer and the curtailment of new car production.

MARJORIE FAUGHT SOCIETY

ELLWOOD CITY, Sept. 24.—A brief meeting of the Marjorie Faught Missionary society of the United Presbyterian church was held last evening in the church parlor. Another meeting was planned for Tuesday, Oct. 28, at the church.

Believe Bandits May Have Robbed Prospect Garage

ELLWOOD CITY, Sept. 24.—Believing that the bandits captured here Friday may have been the robbers of the Kneiss garage, Prospect, police officers of that community have been conferring with Police Chief Ernest R. Hartman.

On August 28, during the Prospect jubilee, the Kneiss garage was entered and \$300 taken from the jammed safe. The only clue that Prospect police have of the robbers is the statement of parking attendants who noticed a black Buick with Ohio license plates in the parking lot. When captured, the bandits were driving a car of similar description.

Mrs. Herman Patton Is Mission Hostess

Young Matrons' Society Of Christian Church Have Interesting Meeting

ELLWOOD CITY, Sept. 24.—Members of the Young Matrons' Missionary society of the First Christian church were agreeably entertained for the September meeting last night at the home of Mrs. Herman Patton, Ellwood-New Castle road.

Mrs. V. V. Johnston, Mrs. Herbert Newton and Mrs. John Miles were special guests.

After devotions led by Mrs. Herbert Newton, Mrs. Lowell W. Monroe was in charge of the program with "Democracy" being the theme. Mrs. Nettie Makepeace told of the home mission work and Mrs. Patton read a paper on "China Re-discovers Her West". The program concluded with a solo by Mrs. Arthur Howell.

Mrs. Max Nye was in charge of business with plans being made to see for the Cleveland Christian home. The hostess was aided by Mrs. Monroe in serving a tempting lunch.

The October meeting will be in the form of a tea at the Monroe home, Pershing street, Ewing Park.

Lilyville Class Is Re-Organized

ELLWOOD CITY, Sept. 24.—Last evening at the home of Mr. and Mrs. Ferd Kaufman in Lilyville the willing workers class of the Lilyville Church of God was reorganized for the new church year.

Devotions were led by Harold McQuiston after which the following officers were elected: President, Elmer Best; vice president, Harold McQuiston; secretary, Mrs. Ferd Kaufman, and treasurer, Mrs. Helen Wimer.

After a social hour the 31 members attending were served a tempting lunch by the hostess, aided by Mrs. McQuiston, Miss Grace Best and Mrs. Wimer.

Plans were made to meet again on Tuesday, October 28, at the home of Mr. and Mrs. George McQuiston, North Sewickley, when a wieners roast will be held.

Kiwanians Attend State Convention

Address By Walter W. Head, National Boy Scout President, Is Featured

ELLWOOD CITY, Sept. 24.—President and Mrs. Percy Lutton, Thomas C. Ben, Mr. and Mrs. Lawrence Barnhart, Mr. and Mrs. Ralph Hergert, Mr. and Mrs. Boyd Barrett, Mr. and Mrs. C. W. Carbeau and Mr. and Mrs. John Lindgren of the local Kiwanis club attended Tuesday's session of the state Kiwanis convention in Pittsburgh.

Culminating last night's session was a ball at the William Penn hotel, which the local group attended. It was preceded by a dinner attended by 1,500 Kiwanians and their wives. The speaker was Walter W. Head, president of the Boy Scouts of America for the past 16 years. His subject was "Tomorrow Will Come."

During Tuesday's session, local members were pleased when they received an honorary certificate for Ellwood City's having placed second in the record of accomplishments for the past year under the presidency of Dr. Harold Sumner. In the afternoon, the group attended the St. Louis-Pittsburgh ball game.

Dr. and Mrs. H. E. Helling, Mr. and Mrs. J. Ellis Bell and Mr. and Mrs. Boyd Barrett attended the opening session on Sunday evening.

The convention was concluded this morning with an election of officers and selection of next year's convention city.

With S. C. Mullin in charge, the regular weekly meeting of the local club was held last night at the Lutheran church.

Trap Shooting To Feature Field Day

Wampum And Ellwood Rod-Gun Clubs Arranging Many Events For October 4

ELLWOOD CITY, Sept. 24.—Trap shooting is expected to be one of the busiest events of the field day activities to be held by the Ellwood and Wampum Rod and Gun clubs on Saturday, Oct. 4, at the club range.

The trap shoot committee is headed by C. B. Scott of Ellwood and William Grinnin of Wampum, aided by John Presky of Cewton, Emmett Burns of the Franklin Township club, Bill Tillis and Earl Graham of Wampum.

This committee has worked out a program that will give everyone a chance to enjoy themselves whether they participate in the main or not. Two traps are to be used with a spare trap available if one of the traps should break. Night shooting has been definitely adopted by the clubs and will be carried out as long as the weather permits.

There will be a meeting of the field day committees tonight at 8 o'clock at the club house. A regular night trap shoot is slated for Thursday evening.

September Bride Honored By Shower

ELLWOOD CITY, Sept. 24.—Mrs. Elmer Hauserman, bride of early September, was delightfully honored at a shower last evening by members of Class 18 of the Bell Memorial Presbyterian church. The event was in the form of a dinner and took place at Zelenople.

Mrs. Hauserman was the former Velma Marshall, daughter of Mr. and Mrs. Earl Marshall, of Orchard avenue. She was presented with many lovely gifts.

Bingo provided the social hour diversion with the attractive prizes going to Mrs. Jack Darwig, Miss Jean Newton and Miss Ruth Duncan. Miss June Holmquist was a special guest.

A regular meeting will be held on Tuesday, October 21.

Schachern Resigns As Monaca Coach

ELLWOOD CITY, Sept. 24.—Local sports fans will be interested to learn that Leland J. Schachern has resigned as football coach of Monaca high school. His resignation came as a surprise with no reason being given. Monaca opened their season last Saturday losing to New Brighton by a 12-0 score.

Louis Blistan, former Thiel College athlete and Monaca high school teacher, will serve as temporary coach for the season, it is said. Stan Berkman, basketball mentor, is the assistant coach.

Mrs. Hattie Love of Greenville has been spending some time with her mother, Mrs. Walter Crabbe.

New Tax Plan Is Suggested

Morgenthau Would Tax Business For All Profit Over 6 Per Cent

(International News Service) WASHINGTON, Feb. 24.—Treasury Secretary Morgenthau today told congress that a tax law should be written to take away all business profits above six per cent of investing capital.

The drastic recommendation was made when the secretary appeared before the house banking and currency committee urging speedy approval of the administration's price control bill.

Rep. Williams (D) Mo., asked Morgenthau if he believed profit control should be written into the bill.

"The only way that can be done is through another tax bill," he replied. "We feel that during this emergency a corporation should be satisfied to earn six per cent of its capital, and that everything above that should go to pay for defense expenditures."

He also proposed that price control restrictions should apply to farm prices but opposed wage ceilings.

Morgenthau, appearing as a witness in favor of the administration measure, strongly disapproved a ceiling over wages asserting: "In free countries labor is not a commodity, human beings are not property; and they should not be treated as such."

The secretary's stand on wages differed widely from suggestions advanced by Bernard Baruch, chairman of the War Industries Board during World War I, who had urged that restrictions should be placed upon wages and rents, as well as industry and farm prices, in order to avoid inflation.

Discussing farm prices, Morgenthau asserted that lack of restrictions, in his opinion, is the "major defect of the bill."

"I strongly recommend that this inflexibility be removed—in the interest of the attack upon inflation, in the interest of the standard of living of our people, and in the long run interests of farmers as well."

The treasury chief said that while he was not disturbed over the present general level of farm prices, he was "deeply concerned about the danger that agricultural prices will continue to rise as they did in the World War."

Such a rise in the farm commodity prices, he held, "would hasten general inflation, would restrict the standard of living and would even interfere with the health and morale of our people."

Morgenthau warned that price control legislation alone cannot completely preclude the threat of an inflationary spiral in prices. He said that the federal government must be prepared further to increase taxes, to further extend the general controls over bank credits and to reduce capital expenditures for non-defense needs.

PULASKI

The women's meeting of the Women's Society of Christian Service of the Methodist church was held at the home of Mrs. Francis Taylor on Thursday evening with Mrs. John Wherry, associate hostess. The business meeting was in charge of the vice president, Mrs. D. E. Funk. At the close of the meeting a social evening was enjoyed. A delicious lunch was served by the hostesses, assisted by Miss Edna Gilliland. The next meeting will be held at the home of Mrs. Ernest Etzrodt, with Miss Esther Etzrodt co-hostess on the third Wednesday evening in October.

STATE HAS MANY WIDE PANORAMAS OF AUTUMN COLORS

Editor's Note: This is one of a series of weekly tours prepared by the State Department of Commerce.

HARRISBURG, Sept. 24—For persons who wish to enjoy autumn foliage beauty in Pennsylvania, the State Department of Commerce suggests a few of the many places where broad panoramas of coloration can be seen.

In northern areas of the state trees and bushes have already begun to turn red, brown and gold, contrasting with evergreens to make a decorative landscape picture.

State Route 36 out of Brookville northwest leads through Cook Forest region replete with gay colors of trees on more than 6,000 acres of state land.

Northeast of Butler via State Route 68 is Brady's Bend where the Allegheny River makes a hairpin curve. From the highway high above the river can be seen a vast expanse of brilliantly-colored mountains made more beautiful by the unusual path of the river.

Particularly scenic in the fall of the year is the mountain and valley region along U. S. 15 (Susquehanna Trail) between Wellsboro and Williamsport. In some places the road is lined with colorful trees and in other places the road traverses high hills overlooking unforgettable color spectacles.

About seven miles north of Towanda, along U. S. Route 220 is the "Crest," a lookout point affording a view of the Susquehanna Valley, rich in foliage colors and made more charming by the presence of tiny settlements here and there. Wyalusing Rocks, U. S. Route 6 between Towanda and Tunkhannock, looks west across an agricultural countryside rich in autumn coloring. High Knob is a vantage point near Eagles Mere and Whirl's End State Park, easily reached from U. S. 220 via Route 42 at Laporte. Here the exquisite scenery touched up by seasonal coloring attracts many visitors.

One of the many delightful scenic drives in the state is at Penn's Views, northeast of State College near Millheim which is located on State Route 45. Here visitors can see Penn's Creek winding through mountains of vibrant autumn color.

The northern half of the state is already brightly painted by Nature's autumn brush and will continue throughout the next several weeks. Any highway, byway, railroad line and even skyline will reveal the foliage loveliness for which Pennsylvania has long been famous. The southern portion of the state will don its fall dress approximately two weeks later than the northern sections.

BURNING RUBBER TIRES BRING OUT THE GAS MASKS
(International News Service)
LONDON.—"Gas!" So ran the cry through the town of Redlynch, near Salisbury. The entire population of 1,227 began twitching uncomfortably; eyes smarted; headaches and sickness followed.

The official gas warning was sounded. Wardens ran from house to house with their warning rattles. Gas masks were hastily put on. ARP officials had given way to public opinion. Though they knew it was no war gas, they could not detect the source. And, anyway, "masks on" seemed the safest policy. So Redlynch stayed gas-masked—wondering.

Came the anti-climax a few hours later when one of the villagers was discovered burning old rubber tires on a nearby rubbish heap.

The halibut is a member of the flounder fish family. It is the largest fish in the flounder clan.

SEVENTH WARD NEWS

Community Center Of Mahoningtown Without Director

Due to the lack of personnel in the W. P. A., a new supervisor for the Community Center of the Seventh Ward district, has not been chosen as yet.

Since the resignation of James Cardella, who has entered army service, the center has been without a supervisor during the summer months. Although the need for a supervisor is evident, Mrs. Agnes B. Howley, county supervisor of the Works Progress Administration, states that the shortage of personnel has caused such a condition to exist.

During the past months, inquiries have been made as to when a new supervisor will assume new duties at the center, and it is apparent that much interest is being shown. Mrs. Howley hopes that a new supervisor can be acquired for the center sometime in the near future.

SEVENTH WARD NEWS

K. Y. U. Class Tureen Dinner

At the Mahoningtown Presbyterian church, on Tuesday evening, the K. Y. U. Sunday school class met for a tureen dinner, which was served at 7 o'clock. The dinner was in charge of the executive committee, Mrs. Clifford Comstock, Mrs. G. O. Scheideman, Mrs. Wade Daugherty, Mrs. Margaret Brown.

The business meeting was in charge of the president, Mrs. Comstock. Plans were made for the giving of a Halloween party, on October 28, and Mrs. Margaret Brown was chosen chairman of the committee.

The entertainment program was presided over by Mrs. Pearl Walker, which consisted of games.

Society Group Will Have Party

President of the Christopher Columbus Society Louis Ezzo announced today that a party event has been arranged for all members of the organization who aided in constructing the fence around the bocce court.

The party was originally scheduled for Tuesday, September 30. The date has now been changed to Saturday, October 4, and will take place in the Christopher Columbus hall, South Liberty street.

All arrangements for this occasion have been completed and a program will probably be presented following the meal.

B. AND O. MAN IS INJURED IN FALL

David A. Campbell, aged 56 years, of 827 Temple avenue, was admitted to the James Memorial hospital last evening, suffering with injuries of the back and elbows, sustained when he fell from a box car in the Cherry street yards.

He was brought to the hospital by James D. Thompson, of East Madison avenue.

Tigers Will Give New Castle Fight

Steadily Improving Beaver Falls High Eleven Waits New Castle Friday

New Castle High Band Will Make Trip, Kickoff At 7:15 E. S. T.

UNDEFEATED New Castle High "Red Hurricane" grid team may run into trouble Friday night at the hands of the steadily improving Beaver Falls Tigers, an informant in the valley said today. The kickoff at 7:15 o'clock, New Castle time, will no doubt find Reeves stadium well filled.

Beaver Falls tied Monaca 0-0 in the opening game of the season, but bounced right back to whip a good big Erie Tech team last week 12 to 7, and Bill Klee who scouted the Tigers reported back here that New Castle will not have anything soft this coming Friday.

Stress Pass Defense
A lot of stress is being laid this week by the coaches on pass defense. The Tigers are sure to fill the zone with football leather in the hope of scoring on the "Red Hurricane." Coach Phil Bridenbaugh will be matching wits with Coach Ned Culler for the first time.

New Castle has been well scouted by Beaver Falls coaches. They know just about what to expect. They are probably worried plenty how to stop New Castle's triple-threat star Robert E. "General" Lee, the colored speedster who took all the fight out of a big determined Farrell High team in five minutes with two touchdown gallops.

Lack Veteran Material
Beaver Falls will be lacking in veteran material when they face the locals Friday. Only one man who began the New Castle-Beaver Falls game here last fall will be in the starting lineup. Bentley, a tackle, Early Weiss and Tkack, backfield men this year, were subs last season. But enough good replacements came up from the third team and the junior high to give the Tigers a formidable eleven.

Expect Big Crowd
The Beaver Falls High officials are looking to pack the Reeves stadium bowl Friday night for the battle. The tickets went on sale here this morning and will continue on sale until 5 o'clock on Friday evening.

The New Castle High band is practicing a few new formations to spring on the valley fans. Perhaps 1,500 to 2,000 fans and students

will follow the undefeated New Castle High machine on its trek to Beaver Falls.

HERE AND THERE IN SPORTS LAND

Matched in the same three-some by tourney pairings, Morrie Gravatt of Johnstown and Tony Joy of Youngstown, Tuesday, divided honors in the 11th Erie Open Golf tournament with 137s for the 36-hole event. Fred Baroni of Conneaut Lake and Toby Lyons of Red Francis of Hollidaysburg tied for fifth with John Capebiano of Aliquippa with 141s and Och Willowet of Dayton and John Multie of Cleveland fired 143s.

Byron Nelson, former PGA champion, and Craig Wood, national open title-holder, took a five-stroke lead yesterday over Jimmy Demaret and Ben Hogan, Texans, at the halfway mark in the \$2,000 36-hole best ball match in Detroit.

Corporal Mike Raffa of Newell, W. Va., scored a knockout over Ted Christie, Greek featherweight from New York, in the third round at Weirton last night. Tommy Yarosz, Monaca, scored a technical knockout over Don Blaisford of Lorain in the fifth round. Ernie Pelai of Rochester won an eight-round decision over Freddie Bey of Pittsburgh and Pete Spotti outpointed Al Sayres of Chester, W. Va., in six rounds. Raffa, Yarosz, Pelai, Spotti and Sayres boxed here as amateurs.

Reports say that Jimmy Webb, who was knocked out of a chance to fight for the light-heavyweight title by Moss Brown, may quit boxing.

Lem Franklin and Tony Musto, heavyweights, battle in the Cleveland Arena tonight. Among the other bouts will be Sammy Secrest vs. Maxie Berger, Cleveland Ramblers rough-shod over the independent Kenosha Cardinals at Kenosha, 34-0. Mickey Harris, Boston Red Sox right-hander, has been classified 1-A by his New York draft board.

WANT SEMI-PRO GAMES
South Akron Awnings, reputedly one of the best semi-pro football teams in the country, desires games with Lawrence county elevens. The Ohioans will offer a liberal guarantee to any county team which can prove a record worthy of a place on the schedule. Akron tumbled Beaver Falls' Giants 23-6.

STILL PLENTY GOOD
NEW YORK—Although you seldom see his name mentioned, George Selkirk is still one of the big New York Yankee guns. He took over "Babe" Ruth's playing days ended while far from a Ruth. Selkirk has supplied enough punch and fielding finesse to help the Yankees win several titles.

Dodgers Make Pennant Drive

Play Boston Braves Today And Tomorrow, Two Victories Will Cinch Flag

CURT DAVIS IS UNSUNG HERO

By JACK MAHON
International News Service Sports Writer
BOSTON, Sept. 24.—A cast-off and an old man should clinch the National League pennant here within 24 hours for the bums of Brooklyn.

We, of course, do not guarantee it, but after looking over the score sheet as the Pirates split with the Cardinals, we are sure the bums are all but in.

Brooklyn, you see, has but four games left, starting with this two-game series here today. Kirby Higbe and Whitlow Wyatt, a speed-baller and an American League cast-off, plus the genius of a skinny, underrated Cardinal chain gang refugee, Curt Davis, can have no excuse now if they miss.

Dodgers Unafraid
As the gleeful Dodgers prepared to wind up their first glory-studded season since 1920, Manager Leo Durocher decided that his pair of aces, Higbe and Wyatt, would make the victory complete by toting the mound against the hapless Braves.

Brooklyn has won 16 of its 20 previous engagements against the Stengelmans and has no reason to fear it will run into an unadvised earthquake.

Jim Tobin and Manuel Slavo are expected to face Brooklyn this afternoon and tomorrow in the games that no one was expected to pay any attention to.

The Braves may have no trouble with Higbe, who is unreliable, but Wyatt, the leading man of the team, should stand them on their heads. Wyatt, despite his thinning hair, still is the No. 1 pitcher, and don't make any mistake about it.

Looking over the record, there is no reason to suppose the Braves should take two from our favorites. If they ever do and the Phillies should happen to get lucky and take the last pair of games of the season, there is no telling what explosions may occur in the National League.

Davis Is Hero
Davis, who has been something of an unsung hero for the bums in the last couple of weeks, may have to be called on during the stretch drive. He needs five or six days rest, but when the heat is on, as it surely should be during the next five days, he will have to be ready for the call.

Off the form charts, Higbe and Wyatt should breeze to the victories that will give the heroes of the Gowanus their long-sought, long-awaited victory. However, the way the erratic Higbe has been going, it would be no surprise if Wyatt, the American League cast-off, or Davis, the National League throw-away, should prove the million dollar baby of this very luscious fight for the pennant.

PUNCTUAL PRINTER
Wally Wilson, a member of the Union Printers League, Chicago, has rolled 26 years without missing a game or a night. He is just a few years behind Harry Steers of the Randolph League who is starting his 31st year during which time he never missed a league session.

Shift Titan Lineup For Opening Game

(Special To The News)
NEW WILMINGTON, Sept. 24.—The loss of veteran end, Ted Ossoff, Ois City junior, through a broken wrist in scrimmage practice, has forced Coach Grover Washabaugh to shift his line considerably for Saturday's game with the Tech Tartans.

Chalmers Zech, junior linesman and sophomore letterman, will be shifted back to his old position on right end. Zech lacks the speed necessary for gathering in passes, but has the weight and aggressiveness to check opposition drives in his territory. The Titan pass-attack will undoubtedly be slowed up considerably, however, through the loss of Ossoff.

Clyde Hopkins, Titusville junior, will probably fill the gap left by Zech's moving into the terminal post. Hopkins has 195 pounds, but his shifting into starting position robs the Titans of a valuable reserve lineman.

Although the Titan line will not

be heavy, it will be fast and scrappy and will average about 175 pounds. Heaviest men the Titans can throw into the game are Ed Kuseck, Moseness guard, 215; Dan Harris, veteran Charlier tackle, 200; and Clyde Hopkins, 195-pound tackle.

In the Demoisie twins, Westminster has a pair of hard-blocking, fast-moving, clever ball-handlers. Both originally backfield men, Joe was moved to end this year, with Felix remaining at the halfback post. Both can run the ball, kick, pass, and receive; and are vicious blockers. Against West Virginia U last year the Demoisie pair along with Captain Pete Evanoff, senior quarterback, made many impressive running-gains.

Washabaugh has a wealth of material at the center post, with Ed Hamilton, Mt. Lebanon transfer, from Duke holding the starting advantage. Next in line comes Park Glass, Conneville, a dependable snapper-back and kickoff man, and particularly valuable in backing up the line.

Columbus, Royals In Junior Series

Montreal, Dodger Farm, And Columbus, Card Chain, Win Championships

Montreal, a Brooklyn Dodger farm, and Columbus, a St. Louis Cardinal sub-station, will meet in the little world series starting Friday night in Montreal.

Montreal notched the International league championship by knocking off Newark while the Columbus Redbirds mopped up on the Louisville Colonels.

Columbus won the series in five games, while Montreal won in seven clashes.

Leffler To Speak At Sharon Affair

Ross L. Leffler, head of the Pennsylvania Game commission, will be the speaker during Sunday afternoon's outdoor dedication ceremonies being held by Sharon's Western Reserve Sportsmen, at the club grounds located one mile west of Clarksville on the Sharon-Greenville road.

The ceremony, at 3 o'clock, is in connection with the sixth annual field trials being held on that date. Many Lawrence county sportsmen expect to attend.

SPORTS WORLD RAMBLINGS

A smattering of this and that:

Al Piccuta will bark John Carroll's football code this fall. The seventh grader, according to a dispatch from the Cleveland school, has been shifted to the quarterback post after serving a season up front. As a guard, the Mahoningtown athlete displayed an abundance of backfield traits, thus causing Coach Tom Conley to re-arrange his ball carrying quartet.

Sam Richards, the former New Castle high prize athlete, has started his 25th season as a football whistle-blower. One of the most competent officials in the district, Sam "handed" his first assignment back in 1915. "An official failed to show up for a game and I was asked to take his place. I got so much delight out of officiating a basketball game that I never quit," Richards remarked today in reviewing his career.

The south sider built such a splendid reputation as a basketball referee that his friends urged him to try his hand at the piskin game. He immediately struck a happy chord. Today, Sam's name synonymous with the scholastic cage and gridiron game in this district. A conscientious human all the way through, Richards has built the justifiable reputation of being one of the squarest shooters in his circle.

Lou Gunton, who was Mr. Tennis himself here until he moved to New York state, is still a capable racket wielder. Performing in a tourney in Manhasset, Gunton emerged with the coronet, Wilbur Wienhold, of 115 East Lincoln avenue, informs this courier. . . . Several junior

Elders All-Stars To Play Tonight

Something different in the sport world will be tried out tonight at Marshall field at 5 o'clock (weather permitting) when the Elder A. C. baseball team will play the Kane Morgan All-Star softball team.

The Elders at their turn at bat will bat against a softball with the softball boys batting against a baseball in their turn at the platter. This should provide some sort of comparison of the two national pastimes. Anyhow it's different and will be entertaining at least.

Manager Joe O'Leary as much as hinted that he may send the aging Frank "Jewie" Coen to the hill against the softballers. Either Eugene "Gabby" Kendra or Greg Ross will be on the hill for the All-Stars, it was indicated by Manager Morgan.

Cy Blanton In Philly Hospital

(International News Service)
PHILADELPHIA, Sept. 24.—Cy Blanton, veteran Phillies pitcher who apparently is suffering an internal disorder, was being held for observation in Temple hospital today.

Blanton was ill when he reported to Shibe Park and was taken to the hospital by Red Miller, team trainer. Dr. H. Cotter Boyle, Phillies' physician, was called from Allentown to examine him.

Pinky May, Phil third baseman, also is on the sidelines because of a hand injury suffered in the Brooklyn doubleheader Sunday.

HOUSES 44 ALLEYS
To the city of Dayton, Ohio, goes the distinction of having constructed the second largest bowling building in the world. Known as the "McCook Bowl," the new establishment houses 44 alleys in a row without a post.

Here's what "Chuck" Heaton, Carroll's drum beater, says about the local star: "Al Piccuta, the New Castle junior quarterback, seems to be the best bet among the backs. He is the best blocker on the squad, possesses plenty of speed, and is smart on and off the field. He should give the Sreaks some good signal calling."

Keep an eye on Mississippi this season. With its two "H" men—Hovious and Hapes—the Rebels may smash down everything in sight. Frankie Albert and Pete Kmetovic have continued where they left off last fall, according to Stanford tub-beaters. If it's true, pity the Indians' foes. . . . Football's first mild upset was Millsaps' 20-0 triumph at the expense of Centenary. The Gentlemen were exactly what their monicker implies.

Time out for the mail: Walter E. Jolley, Mahoningtown: You are correct. "Babe" Ruth won the American league batting championship in 1924 with a .378 average. Yes, he had an earned run average of 1.75 back in 1916 when he twirled for the Boston Red Sox. . . . To Ted: Flood lights can not be turned on to finish a major league afternoon game which drags into the early evening.

Lawrence county teams are replenishing their football kits with an array of deceptive plays as they complete drills for five bruising clashes booked for this week-end. Since all local elevens will be performing on foreign soil, the tasks loom as a bit more difficult and may require every trick up the well known sleeve.

Westminster college's Titans, in good early season condition following lengthy drills, meet Carnegie Tech's Tartans in Pittsburgh, Saturday. Coach Washabaugh's grid call was answered by one of the best crews in several seasons. With Tech hitting the skids, a Titan victory is far from an impossibility.

Local Teams Load Kits For Battles Carded This Week

County Football Powers Will Encounter Imposing List Of Foes

Lawrence county teams are replenishing their football kits with an array of deceptive plays as they complete drills for five bruising clashes booked for this week-end. Since all local elevens will be performing on foreign soil, the tasks loom as a bit more difficult and may require every trick up the well known sleeve.

Westminster college's Titans, in good early season condition following lengthy drills, meet Carnegie Tech's Tartans in Pittsburgh, Saturday. Coach Washabaugh's grid call was answered by one of the best crews in several seasons. With Tech hitting the skids, a Titan victory is far from an impossibility.

"Canes" At Beaver Falls
New Castle high, which is commencing to gain a bit of district fame following three triumphs, meets Beaver Falls high at Reeves stadium Friday night. Billed as a class AA fray, the tilt is among the most important on this season's program. The game incidentally starts at 7:15 o'clock E. S. T.

Undeclared Ellwood City meets its stiffest test Friday night when the Wolverines swap wits with Rochester High. The clash pairs two undefeated and untied scholastic units.

So far, Dudick, Tamarcio and Wolfe have played standout ball on the line for the Ellwoodians with Moskal and Presto spearheading the attack in the backfield. Burg, Leonard and Colella form Rochester's "big three." The game starts at 7:15 o'clock E. S. T.

Shenango-Zenlenople
Shenango Township's surprisinglly puissant eleven faces another major barrier, Zenlenople high, Friday afternoon. The return of Staph, last season's man over the ball, has bolstered Shenango's lineup. Coach Nocera reports his squad primed for the setto.

Union Township high, following a week's rest, returns to action Saturday night, against Greenville. Coach John Susko has been spending hours endeavoring to correct some of the flaws noted in the lid lifter. Presnar and Womer are showing up well on the line with J. Kline, P. Dougherty and Jaskolski performed commendably in the backfield.

Bessemer high's next clash pairs the Cement City eleven against Greenville on October 3.

Franklin High At Sharpsville

Ben Franklin Junior High football team is opening the 1941 grid season this afternoon at Sharpsville at 3:30 o'clock by meeting the Sharpsville Junior High eleven.

Head Coach Austin Cowmeadow today named the following starting varsity: Ends, Germani and Ruzzo; tackles, Izzo and Borrelli; guards, Josephs and Ellis; center, Cicconeri; quarterback, Lane; right half, DeVide; left half, Williams; fullback, Jacobs.

The Franklin High starting team averages 147 pounds, it was announced. Assisting Cowmeadow with the handling of the team at Sharpsville today will be William "Bill" Wallace and George Binder.

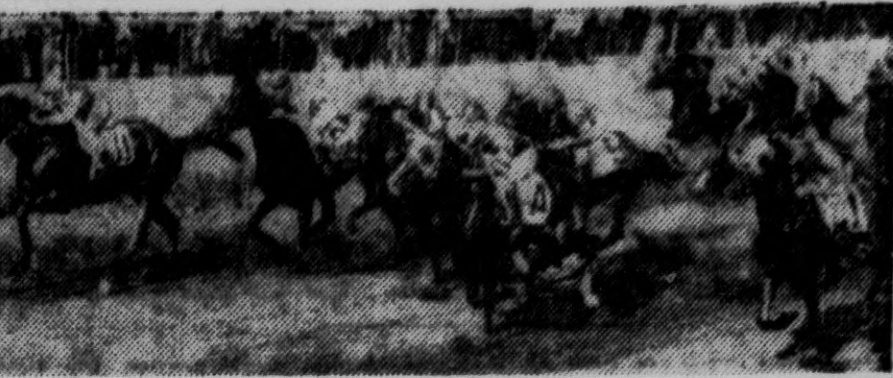

TWO NEW NAMES
Selection of a catch name for a bowling alley has become quite a problem. The use of "Recreation," "Arcade" and "Academy" was common ten years ago. Then came the use of such terms as "Bowl," "Lanes" and "Drome." The newly and widely separated establishments have come up with clever names this year. "Bowlaway" and "Cross Roads."

G-MAN IS BOWLER
Where do you think J. Edgar Hoover, No. 1 FBI man, relaxes? Right, in one of several Washington bowling establishments. He lets off plenty of steam, too, at the pins and his associates don't take any liberties with his skill, either.

SKET-TRAP SHOOT
Members of the Lawrence County Sportsmen's association is sponsoring another sket and trap shoot tonight at 8:30 o'clock at the New Castle fair grounds.

DUCKS INCREASE
Middle west nimrodian experts predict a 15 to 20 per cent increase in ducks this fall.

ROLLER SKATING
At The ARENA Tonight
This is the Beginning of the Roller Skating season, so now is the Time for Beginners Tonight!

AT HAWTHORNE—Horses are plenty bunched as they get away at Hawthorne race track, Chicago. No. 5, Kosser, won the race.

Market Edges Forward In Quiet Dealings, Few Issues Up Point And More

(International News Service)

NEW YORK, Sept. 24.—The stock market edged forward in quiet dealings today, with motors, aviation and steels again leading the way.

A few issues gained as much as a point, but improvement generally was limited to fractions.

Chrysler ran up more than a point while General Motors netted a fractional rise. Bethlehem and U. S. Steel each advanced about a half-point.

Santa Fe duplicated yesterday's climb of a point on the redemption news. Du Pont and American can were others to gain a point or more.

National Dairy advanced a fraction to a new 1941 top.

Elsewhere fractional gains were the rule, as in rubbers, rails, chemicals, aviation and tobacco.

Consolidated Edison and Public Service of N. J. again slipped into new low ground. Westinghouse Electric dropped a point.

Defense Classes To Be Conducted

State College To Continue
Classes In State Starting
About October 15

(International News Service)
STATE COLLEGE, Pa., Sept. 24.—A new defense training program under which the Pennsylvania State College will offer tuition-free courses to at least 15,000 persons in 113 towns and cities in the state, will be launched this fall, it was announced today by college officials.

The new program—said to be the largest of its kind in the nation—will be the fourth undertaking of its kind by the college during the past year to train men and women for technical jobs in national defense industries. It is sponsored by the United States office of education.

Classes, which will be taught at night, will continue for an average of 15 weeks and will start in most communities about the middle of October. Registration will be held about a week in advance.

A total of 60 subjects will be taught, ranging from classes in elementary engineering to highly specialized courses in such fields as metallurgy, chemistry and electricity.

Wilmington Grange To Have Food Show

Wilmington Grange No. 1477 will hold its annual Farm and Food Show at their hall in New Wilmington on Thursday evening, Sept. 25.

There will be a general display of farm products, grains, fruit, vegetables, canned goods, fancy work, antiques, flowers, etc. There will be an entertainment at 8:15 in charge of the lecturer. The public is invited.

When winter comes, ladies dress to match America's climates—the northern end in a fur coat and the southern part in sheer silk.

Trinity Church Dinner Set For Thursday Night

Throng Will Attend "House-
warming Dinner" At Trinity
Church It Is Indicated

A record attendance is already indicated for the "Housewarming Dinner" event to be held in the Guild Room of Trinity Episcopal church, on Thursday evening, September 25, it is learned today, when they will greet the Rt. Rev. John C. Ward, Bishop of the Diocese of Erie.

New enthusiasm is being shown, and the spirit of good fellowship is revealed by the committee on arrangements, as they come into contact with members of the congregation and friends, for this initial fall get-together. Lloyd W. Strayer, senior warden of the parish, heads the entertainment, and announces an interesting program is in store. Mrs. Leslie Brindle is general chairman, while Mrs. C. E. Lyle and Alfred Walker with their groups of aides, have been working diligently, to make the occasion an ultimate success.

This also provides an excellent opportunity for guests to appreciate the new improvements recently made in the kitchen under the direction of Harry J. Culliford and H. P. Meehan, with the Parish Council being responsible for this step forward in beautiful Trinity Episcopal church.

HARLANSBURG

MISSIONARY CIRCLE

The Baptist missionary ladies will meet on Thursday with Mrs. Florence McKnight for an all day meeting with a tureen dinner at noon.

BIRTHDAY HONORED

Members of the Harlansburg Garden club honored their president, Mrs. Mayme Eakin, on Saturday evening in honor of her birthday with 26 present. Social chat was the main diversion of the evening. After a delicious lunch the guests departed at a late hour.

HARLANSBURG NOTES

Martha Lee Shiber of Akron, O., spent Sunday with relatives here.

Mrs. Thomas McCormick called on Mrs. June Mack of Wilmington road Friday.

Miss Carol West spent the week-end with Mr. and Mrs. W. J. McCracken of East New Castle.

Thursday afternoon guests at the Lloyd Kilgus residence were Mr. and Mrs. Ed Kilgus of Sandy Lake.

Ronald Varnum spent the week-end with his grandparents, Mr. and Mrs. Howard Staup, of Sandy Lake.

Mr. and Mrs. Norman Wimer of New Wilmington spent Sunday afternoon with Mr. and Mrs. Gilmer Wimer.

Mrs. Clyde Giles and daughters, Mrs. Arthur Armstrong and Burdell, of New Castle spent Friday with Mrs. Joseph Reynolds.

Mrs. Francis Boak is substituting for Mrs. Anna Davies, grade school teacher here, who was injured Saturday near her home in Portersville, and is now in the Jameson Memorial hospital.

The free and equal people are taking it bravely. All they ask is some assurance of how free and equal they'll be after the war.
